Dear Friends and Fellow Republicans

## 14 Days Left

Just 14 days left until we retire Nancy Pelosi. But this won't occur without your help. We need you to get involved. I can't stress this enough. Local races are just as important as are the national ones. It's at the local level where we fix crime, and have livable neighborhoods. I was door knocking for Ben Cline, Bryan Cave (Page County Commonwealth Attorney), and Town Council Candidate Jeremy Hilliard this past weekend.

Make phone calls, knock doors, write a Letter to the Editor, work the polls.

## Elites Blame Others For Their Mistakes

A comedian once said that intellectuals go to school to study things that other people do naturally. Early on in COVID it was rather apparent that kids aren't as affected by COVID as are adults. And that children are highly unlikely to get COVID, and if they did, it would not likely transmit to others. Yet, to show how intellectually superior they are, those in Washington DC encouraged the shutting down of our schools. Those at the local level, taking their orders from St. Anthony Fauci, went along with it. Now they are saying that they never wanted schools shut down. The toll on our children has been immense.

A recent AP article was written, saying that some of the adults who called for online schooling now have regrets. <https://apnews.com/article/online-school-covid-learning-loss-7c162ec1b4ce4d5219d5210aaac8f1ae>

With all due respect, each one of them should be fired. Starting with Mr. Fauci, onto Randi Weingarten, and then to each smug newspaper reporter who said that we were wrong about closing schools, and that closing schools was necessary.

Sadly they will not be punished on this Earth.

## Other Thoughts

For all the talk about voter suppression, it seems that people are voting in record numbers. Election Denier Stacey Abrams has had to admit that voter

Like many of you, I often get called an Election Denier. I was called this at my 40th HS reunion on Friday night. It's funny - because I don't mind saying that there was massive election fraud in 2020. Facts prove it. What is funny though is when I called the guy who called me an "election denier" - well when I reminded this guy that he was an election denier as well, and that most of the same people who are screaming about us - that they said the Elections of 2000, 2004, 2016, and Georgia 2018 were illegitimate (this includes Barbara Boxer, Joe Biden, Hilary Clinton, Stacey Abrams, and hundreds of others), they go nuts. If you, like I do, think that the election of 2020 was rife with fraud, don't be afraid to say so, and when others give you grief, remind them of what I just said above. Watch what they do.

Thank you for allowing me to serve you as your Chair. Together we will take back Virginia

I remain
