Dear Friends and Fellow Republicans

Talent Returned to God - 1 Year Later

Last year, about this time, Rush Limbaugh left us to be returned to the Creator. I think back often and how much we all miss him, his wisdom, his funny way of looking at things, and the fact that he was a father figure to so many of us in the conservative movement.

We never would have taken back the House and Senate in 1994 without Rush being behind the microphone at the EIB Network. President Trump never would have won the White House in 2016 without Rush. The abuse that man had to take on a daily basis was surreal. He was called every word in the book,

One phrase Rush used near the end of his life sticks with me to this day, and it's something I think about all the time. Rush said that too many elected officials are more concerned with K Street (the lobbyist crowd) than Main street. Truer words were never spoken. So the next time any of you wants to get behind a candidate for office (Federal/State/Local) make sure they worry about you first and not special interests.

Oh and what I wouldn't give to hear Rush do his Environmentalist Wacko Football picks just one last time.

Trudeau the Tyrant

As so many of us have discussed these past 2 years. Much of the COVID response from the federal government and many state governments (Virginia included in 2020/2021) had to do with government control and not science. There are too many examples to list, And for the past 2 years, so many leftists have said that we are nuts for saying so.

However Canadian Tyrant Justin Trudeau has just proved this all to be correct with his draconian response to freedoms in Canada. The Emergencies Act was passed into law in Canada in the late 1980's to maintain order in case of foreign invasion. However it seems that Canadian workers who are only wanting to get back to a normal work schedule and life are Nazi's and worse in Trudeau's eyes. So much that he's invoked an act which seizes the bank accounts of anyone who Trudeau the Tyrant thinks is a traitor.

Now this includes any restaurant which may have served any Canadian trucker. And now that the protests are over, Trudeau refuses to let up on the tyranny. This is why we must always protest, and never give in to tyranny from our government in the name of safety.

GO WOKE GO BROKE - Olympics Version

Games. People like myself, who used to be the biggest fans of the Olympics - are sick and tired of the wokeness and the corruption of the IOC.
