Dear Friends and Fellow Republicans

After 1 Year of Team Biden

1 year ago this week, Joe Biden was sworn in as our 46th President. We all knew that he'd be incompetent - remember that even Barack Obama once said "never underestimate Joe's ability to ---- something up". However no one knew he'd be this horrible.

Joe was "elected" (actually he cheated his way into office - more on that below) to bring back a supposed sense of normalcy after what the Establishment could not handle after 4 years of Trump (aka the Establishment was having a hard time after Trump started draining the swamp and they needed to be back in power so much that they inflicted this God awful monstrosity on us). And what

The highest inflation since Jimmy Carter
A disastrous withdrawal from Afghanistan
A 3rd wave of a pandemic that Mr. Biden swore he'd put an end to
Putin ready to invade Ukraine
Turn our military into a Woke organization
Destroyed our energy independence
Commence an invasion of our Southern Border

And earlier this week to mark his 1st year in office, Joe Biden gave a press conference - and was asked about how he feels his job performance has been. Mr. Biden said and I quote: "I have probably outperformed what anybody thought would happen".

Well yes - those of us old enough to remember Jimmy Carter didn't think anyone would ever be more incompetent. However Mr. Biden you've proven that someone can be worse than Jimmy Carter.

More on Election Fraud

I know that some of you really hate to read this, but it's a subject which must be discussed. And that is election fraud from 2020. I need to remind everyone of how the Election of 2020 was stolen from us, so that when the liberal media talk about false claims that the 2020 election was stolen, you have the proof that what the MSM is saying is an outright lie.

From the Federalist News Online

in some cases 4 times, and that there was election fraud in Gwinnett County Georgia - the shift of those electoral votes would have given the presidency to Donald Trump November 2020.

We must remind everyone that Mr. Biden was never elected, he was put in there by corrupt elections officials in those 4 states. We know what we are dealing with. We need to be forever vigilant in making sure that the radical leftists can never steal another election from us.

Well done Shenandoah County School Board

I promised each of you that if elected 6th Congressional District Chair, that I'd not only recruit conservative candidates at each level of government, but also would work to get them over the top and report on what they've been doing.

Well this past year - I helped recruit 3 School Board candidates in Shenandoah County - then knocked on several hundred doors, and donated to each to get them elected. These great Americans are: Brandi Rutz, Kyle Gutshall, and Dennis Barlow. And man has this paid results.

First off, the School Board has allowed on a 5-1 vote to allow religious education as part of the curriculum in Shenandoah County. Then on the same 5-1 vote earlier this week- they voted to remove the mask mandate in Shenandoah County Schools!

For years radical leftists have been trying to remove God from our schools. Now the Shenandoah County School Board has brought God back into the classroom (on an parental opt-in basis only - there's no 1st Amendment issue here - nothing is being forced down anyone's throat), and have removed Northam's mask mandate.

The Shenandoah County School Board has more work to do in overturning some of the more radical ideas of the previous School Board, but so far Team Shenandoah is kicking tail!

It is because of each of you that we are in the process of taking back Virginia. Each of you is an inspiration to me personally, and to future generations of activists. Thank you for allowing me to serve as your Chair.

I remain

your servant
