Dear Friends and Fellow Republicans

Last night in a unanimous vote, the 6th Congressional District Republican Party became the 1st Legislative District Committee to pass a resolution condemning the raid on Mar-A-Lago by the FBI. The US Constitution, which provides for safeguards against unreasonable search and seizure, was clearly violated when the FBI, in a raid ordered by Attorney General Merrick Garland. However anyone feels about President Trump or any other American citizen, the fact is that the laws must apply equally to each of us. From the President of the United States to each of us. However the "Administrative State" does not understand that they work for us, and not the other way around.

Below is the text of the resolution which was passed:

## [Resolution Condemning FBI Raid on President Trump's Home in Mar-a-Lago Florida](#)

**Whereas, on August 8<sup>th</sup> 2022, the Federal Bureau of Investigation (FBI) conducted an unprecedented raid on President Trump's home, Mar-a-Lago, related to the Presidential Records Act. This act established an ongoing and collegial process for the management of classified**

**Whereas, former President Trump’s home is protected by the United States Secret Service (USSS) and its record and information storage is supervised by the USSS with little to no opportunity for unauthorized access, and**

**Whereas, members of the Federal Bureau of Investigation’s (FBI) staff a part of the raid on Mar-a-Lago and the Federal Judge issuing the warrant have made hostile comments about former President Trump, compromising the motivations for the raid, and**

**Whereas, the FBI has mishandled investigations relating to President Trump, such as the “Russia Collusion Hoax”, in the past and has not investigated other classified leakers seeking to discredit President Trump, and**

**Whereas FBI agents chose a time when neither President Trump nor his attorneys were able to be present for the raid on his home to ensure due process while the removal of documents occurred, and**

**Whereas, the FBI conducted themselves with unnecessary aggression, force, and subterfuge in their pursuit of the documents in question, seeking an escalatory response rather than following general procedure, which demonstrates the use of the FBI for political purposes rather than for just enforcement of the law,**

**Be It Therefore Resolved, that the Virginia Sixth District Republican Committee condemns in the strongest terms the politically-motivated raid on President Trump’s home on August 8th, 2022, and**

**Be It Further Resolved, that Attorney General Merrick Garland should recuse himself from this investigation into alleged misconduct and misbehavior of President Donald J. Trump and his family and associates, and**

**Be It Further Resolved, the Sixth Congressional District Republican Committee calls for transparency whenever the executive branch begins an investigation involving a political opponent regardless of party, to preserve the integrity of our Republic and its Constitutional foundations,**

**Be It Further Resolved, that such transparency includes a bipartisan and collegial approach that oversees relevant agencies in their investigation so that the rights to due process for all involved are upheld and bureaucratic agencies do not ignore the rights of citizens in favor of political motivation. The Executive Branch is not a tool for political retribution.**

**Signed this 22nd day of August 2022**

**John Massoud, Chairman of the 6<sup>th</sup> Congressional District Republican Party**

(NOTE - the Resolution was signed by each voting member, proxy, and non voting member who attended. SCC member Steve Kurtz and Robert Hupman were not able to attend but did request that their names be added as signers. Their names were added by me personally. Other Committee Members who were unable to attend or send a proxy will be given the opportunity to affix their names onto the Resolution at the next opportunity. A special Shout Out to Resolutions Chair Robert Cook and his entire Committee (Jerry Bogacz, Timothy Martin, and Josh Holsapple) for all their hard work in writing this document)
