Dear Friends and Fellow Republicans

## **The New Republican Party**

Victor Davis Hanson wrote an article last week, which I feel needs to be shared. It talks about the shifting of the GOP that has occurred, and the shifting sands of the new Democrat Party. Mr. Hanson, as per usual, nails this one on the head, talking about how Trump led a mini revolution, and the residual fallout that happened.

Mr. Davis was also astute enough to talk about how the socialist Democrats get some of their crazy ideas through, and how some former Republicans are willing to go along with something they must know cannot work. And how this Democrat party is the party of a group of self appointed elitists, and how more and more non whites are drifting towards the GOP.

## **Democrats Once Again Reach a New Low**

Over the past several years, I've been pleading with activists to become either an Elections Officer or a Poll Watcher. Performing one of these very important

Well it turns out that Democrats don't like us watching them try to cheat. Because, according now to the Democrat Party, each of you who is a poll watcher or an Elections Officer is a threat to democracy. They are going to say – after we clean their clocks on November 8, that they lost because each of you who wants to make sure that elections are honest, participated in voter suppression.

Sound stupid? Yes at first. But the radical leftists who now control the Democrat Party know that nowhere near a majority of Americans support their insane agenda. So instead of trying to learn what voters may want – instead Democrats are going to go after each of you who is. Don't believe me, the Huffington Post, Axios, and even the Associated Press is going to do this. Reuters went so far as to suggest that a significant minority thinks that poll watchers will engage in voter intimidation. It's interesting – as the Reuters writer also readily admits that so far in early voting, no intimidation has occurred. They've already tried to interfere with a GOP Poll Watcher who disqualified any ballot that didn't have the last 4 digits of a Social Security Number on it in Fairfax County. This from 2020 Poll Watchers in DeKalb County found that a recount error awarded 9,000 extra votes to Joe Biden in DeKalb County in 2020. Poll watchers and elections officials are the backbone of what makes our Republic function. Please get involved. We need you.

### **A Bernie Bro Beats Up Paul Pelosi - Meathead Blames Trump**

Some headlines just write themselves. As most of you now know, over the weekend Paul Pelosi, husband to Speaker (soon to be Ex Speaker) Nancy Pelosi, was attacked in his home. Before anyone had any facts, our "hero" (note the sarcasm) Rob Reiner aka Meathead from All in the Family, decided to publicly blame Donald Trump for the brutal attack.

One little problem. The vicious attack was perpetrated by David DePape, a

## Some Final Thoughts

We're going to have a great night come November 8. Some results may not be in for a few days. But we're going to show the leftists now in control of the Democrat party that they're in for a fight – and while it will take years to turn this country back into being a constitutional republic, that we're ready for the fight, and it's a fight we're going to win!

Thank you for allowing me to serve you as your Chair. Together we will take back Virginia
