Dear Friends and Fellow Republicans

From the Advance

This past weekend, the Republican Party of Virginia held it's annual Donald Huffman "Advance" (because we don't retreat), in Bath County Virginia. The energy was amazing and the electricity was all over the event. I've attended a couple dozen of these - and this was the most fun in years. Glenn Youngkin was there to tell us more about his pro growth agenda for the next 4 years, and on Saturday morning we heard from the GOP Virginia Congressional Delegation. While all of our Virginia Delegation is amazing, we in CD 5 and 6 are lucky to have Bob Good and Ben Cline as our legislators fighting for us in DC.

time out to travel down to Waynesboro and march in the Christmas Parade with the Waynesboro GOP. (and if I may brag here for the record - after the Advance I went to Strasburg to march in our Christmas Parade here as well - so the GOP is covering all bases as much as we can)

One thing remains though - while we won a great victory this past November, we have alot more work to do to ensure that Virginia turns a beautiful shade of red.

To show how different things are now as opposed to 2019 (the last Bath County Advance), in 2019 maybe 125 attended, and we had maybe 4x that number this year!

CNN Trying to Say They've Reformed - In Reality They're a Group of Frat Boys

As most of you are aware by now - CNN DNC Mouthpiece Chris Cuomo was actually fired from his gig at CNN this past weekend. It seems that while labeling everyone else in the world a sexual harasser (other than his brother Governor Andrew), Fredo was actually harassing prominent women. One of them being ABC Producer Shelley Ross.

CNN has gone from being a respected Left of Center News Source (those of us of the age remember well their amazing coverage on the night Desert Storm began in 1991) to being a place full of overaged teenage leftists. Now we have this once great news network rehire Jeffrey Toobin, who got caught giving hisself a treat on a zoom call with female co-workers. We have Chris Cuomo who was helping his brother Governor Andrew Cuomo find information on his accusers to smear them publicly. And maybe worst of all, their "media guru" Brian Stelter carrying water for CNN and trying to make their mismanagement of this news network look normal.

RIP Bob Dole

Greatest Generation, who was hit by machine gun fire, losing a kidney and use of an arm in Italy. While Dole was too moderate in my case as a presidential candidate, he was a great American hero who served his country for all of his adult life. RIP to a great American hero.

Thank you for allowing me to serve you as your Chair. Together we will take back Virginia

I remain

your servant
