The Valley Patriot

Making the 6th District Great Again!

Dear Friends and Fellow Republicans

There can be no clearer reason why we need to elect Donald Trump than what we saw last night. Trump wasn't taking on Joe Biden in a debate, he was taking on both Biden and the moderator Chris Wallace. And even then, Trump still laid a beatdown on ole Joe. Trump was clear and concise on the facts, especially talking about how the Trump administration recognized that COVID could be a problem back in January and closed down travel from China. Trump also reminded the world that he received much praise from Democratic governors for his handling of the COVID virus - Governor Cuomo (NY) and Newsom (CA) come to mind.

While trying to deny the fact that the Democratic Party wants to take away our

private health insurance, Biden all but admitted this fact by endorsing a "public option" health care insurance, which would price private insurance carriers right out of the market. And thus give to us Soviet style health care coverage. Biden looked tired and confused and out of sorts the entire evening. Especially when Trump reminded the world how much the above mentioned governors praised his handling of the COVID pandemic. Biden seems to have missed this rather important fact, and his face showed as much.

While Biden performed poorly last night (no real shock) there are no words in the English language which can express my disgust at how Chris Wallace kept taking up for Sleepy Joe and how Chris Wallace kept running interference for Biden - and even taking on both Biden and and Chris Wallace, Trump was the clear winner.

Best guess is that Biden is not going to show up for another debate - I don't have any facts to back this up, but it's just a guess. Biden was clearly manhandled last night, and anyone who is intellectually honest can see this.

Maybe the best indictment on Wallace's performance came from our good friend Chuck Smith, who said:

"Last night Chris Wallace gave Americans the perfect two examples of how to embarrass himself as a moderator, remove impartiality, and destroy a Presidential Debate:

1) Consistently join Biden in interrupting and overtalking the President's answer,
2) Consistently join Biden in attacking the President while answering.

Against these odds, the President won the slugfest. That's what fighters do"

Well said my dear sir - well said!

Please remember that we are still trying to raise money for the radio ads for Trump and Team GOP. Let me know if you are able to donate and I will get you the necessary information.

Thanks from the bottom of my heart to each of you for all the hard work you are doing, and are going to do. It is only with your help that we will take back Virginia!

I remain your servant
