Dear Friends and Fellow Republicans

## **Bidenism's - His Most Dangerous Gaffe**

Joe Biden has made some serious gaffes over his political career. One of my favorites was when he asked the Missouri State Senator who is paralyzed from the waist down to "Stand Up". Another great one was when - during the Alito Judicial Hearings - he started talking about his hair plugs. Corn Pop was another great Bidenism. However his most dangerous gaffe was from the campaign, and this one had the power to get people killed.

Sometime in October of last year, Biden said and I quote: You can ban chokeholds ... you have to teach people how to de-escalate circumstances. ... Instead of anybody coming at you and the first thing you do is shoot to kill, you shoot them in the leg

Biden, who has obviously never been in a life or death situation, and the only thing he knows about law enforcement is whatever the communists around him

endure what cops have to endure.

Here is a video from one of my favorite You Tube Channels - The Officer Tatum. Here Officer Tatum explains why what Joe Biden wants cops to do, and what the Defund the Police morons want - is insane beyond belief. WARNING THIS VIDEO IS HARD TO WATCH

[https://www.youtube.com/watch?v=JkO\\_6JHqRsg](https://www.youtube.com/watch?v=JkO_6JHqRsg)

The first 3 minutes is Officer Tatum explaining what you are about to see. The spectacle starts at the 3:10 mark. The Officer has to use 3 bullets, and the criminal has no gun. To the stupids who want to Defund the Police, what the cop did is criminal because the person getting shot had no gun - he had a machete instead and was likely amped up on drugs. You and I will see this and be revulsed - but will respect what the officer had to do. The video is hard to watch. But after watching it, even the most ardent supporters of law enforcement will have a new appreciation for what officers go through.

Joe Biden's great advice to shoot the criminal in the leg, would really not work here - and the cop would likely be dead if he took Mr. Biden's advice. The Defund the Police people would be happy because a criminal for reasons we'll never understand.

In early August is National Night Out. Please take a few minutes if you can and go to your local National Night Out, and thank an officer for their many sacrifices to make sure that we can enjoy our lives. On their best day, cops have to deal with things we should never have to see. On July 4 - most law enforcement was guarding us while we were watching the fireworks with our families and friends. That was a tough sacrifice and a safe day for them. On their worst day, they may end up in the hospital or the morgue and/or be blamed by radicals for the actions of someone who lives outside the law. Contrary to what the lamestream media wants us to believe - there is no epidemic of white cops shooting black people on a daily basis. This is just leftist propaganda.

Our law enforcement officers have our back. They need to know we have theirs. Law enforcement has to deal with surreal situations each and every day. Hope to see you at the next National Night Out, I'll be in Strasburg thanking Chief Wayne Sager, Captain Ford and their top notch police force, and the Shenandoah County Sheriff's (Sheriff Tim Carter) office and their deputies for keeping us safe. Our Sheriffs and their deputies and the local police departments need our support.

Thank you for allowing me to serve you as your Chair. Together we will take back Virginia

I remain

your servant
