Dear Friends and Fellow Republicans

**Have We Reached Orwell's 1984?**

"Disinformation Board" to combat "Russian disinformation". However in reality, we all know that this will be a "Ministry of Truth" similar to what was in the George Orwell's 1984. The Ministry of Truth was there to make sure that no person in the country of Oceania could remember what history was, as the Oceanic government kept changing the truth as it suited them.

In 1984, the Oceania government was changing the language to what they called "NewSpeak", which would remove words from the language, making it all but impossible for anyone to express their true thoughts or beliefs. So how far are we from Orwell's 1984?

Political correctness, a supposed feel good lefty sensitivity thing, was supposed to make it impossible for anyone to insult anything or for anyone to get angry from another person's words. Words like "retarded" were changed to "special needs/challenges". "Hunger" was changed to "food insecure". "Poor" was changed to "low income".

Sorry but poor people are still poor, and the hungry still are. Changing words or removing words from a dictionary does not improve someone's life. Allowing someone to live to the best that they can be, is what improves someone's life. Agreed we shouldn't go out of our way to be mean to others, but it does no good to change the language just because some entitled brat can't handle someone disagreeing with him/her. (yes there are 2 genders).

And the concept of the government being the final arbiter of what is truth and what isn't - well it's sick beyond belief. Governments since the beginning have lied to their people to get them to do things. Look at the Nazi's, or the Soviets. There are far too many examples to list.

We've had censorship before, and it never worked. John Adams tried it in 1798 with the Alien/Sedition Acts. Woodrow Wilson tried it in WW I. Doing so destroyed both of their presidencies. We are a people who - because it is in our DNA, who rebel against authority. We do this naturally. This is who we are as Americans, and what makes us the greatest nation ever founded. We don't naturally take orders from above. We naturally take our orders from our Creator, and that is really about all.

And for those of you who are curious, the new "head" of this Disinformation

person they want to run the Agency (Nina Jankowicz) is a ranting raving lunatic, just watch this: (starts at the :34 second mark)

Yes Ms. Jankowicz was against the Ministry of Truth before she was for it?

Thank you for allowing me to serve you as your Chair.
