Dear Friends and Fellow Republicans

Chris Runion - Conservative Caucus House Chair

A special shout out to Delegate Chris Runion, who was elected to be the House Conservative Caucus Chair last week. Chris has earned an outstanding reputation as being a conservative warrior for causes near and dear to our hearts (taxes, 2A, life, liberty and limited government, family values), and this appointment is well earned and well deserved.

Shoe is on the Other Foot

worst way possible. However now we have leadership in Virginia that is doing what they promised to do, and they need our help.

Glenn Youngkin has been keeping his campaign promises, as have AG Jason Miyares, and most every Member of the House and Senate. As has Congressman Ben Cline. Yet when they get beaten up in the MSM press, we've not come to their defense. We need to be fighting back against the radical leftists who can't accept that they lost last November. Please write letters to the editor in support of these great American patriots. Make FB posts in support of your School Board Members who won't force cruel mandates against our children. Speak out at School Board meetings in support of those who are fighting for parental rights. Speak out - or else we're going to lose our Republic and our freedoms. And this time we'll have no one to blame but ourselves.

We're in a fight for our lives here. And for the lives of our children. This fight didn't end on November 2, it only began. Don't let a bunch of angry mean spirited progressives take us back to the McAwful/Northam days. If you love freedom, and love your kids and love Virginia, you'll find the time to do these things.

From an Infectious Disease Expert at the NIAID

Marjery Smelkinson, a long time employee of the National Institute of Allergy and Infectious Diseases, is taking on her boss Anthony Fauci, saying that the mask mandates are doing harm to our kids. While we all knew this to be true, the fact is that Ms. Smelkinson has alot of courage to stand up to this petty dictator and tell the American people what the real truth is. Ms. Smelkinson also found fault with the NIAID in how they conducted testing (saying there were no real control groups and thus the testing was flawed)

More on Spotify

As most of you are aware now, hippie turned geriatric delinquent Neil Young

thing (shocking for a Big Tech provider) politely but firmly told Mr. Young to fly a kite. Not to be outdone, more and more radical leftists in the entertainment industry (including Meghan Markle) are leaving Spotify.

If we want to censor Big Tech when they do something wrong, we need to assist them when they do something right. Last week I downloaded Spotify onto my phone, and hope that each of you will do so as well.

Gotta admit, nothing quite like Mary Wells' My Guy coming from my phone during the day!

We have work to do. Each of you is an inspiration to me personally. Thank you for allowing me to serve you as your Chair. Together we are in the process of taking back Virginia.

I remain
