Dear Friends and Fellow Republicans

Biden's Speech is an Attack on Minorities and the US Constitution

Yesterday, Joe Biden gave a scary speech in which he is using his "executive powers" to direct OSHA to require any US company with more than 100 employees to require that all employees be vaccinated. First off, let us forget that just 2 months ago, WH Propaganda Spokeswoman Jen Psaki said that it was not within the power of the Executive Branch to require anyone be vaccinated. In Biden's speech, he basically threatened anyone who has not been vaccinated. He actually went after the American populace in a way which has never been done in US history:

and free. You might be confused..." He went onto say:

President Biden says his 'patience is wearing thin' with unvaccinated Americans: "What more is there to wait for? What more do you need to see? We've been patient, but our patience is wearing thin and your refusal has cost all of us."

The Liar in Chief then went onto say that Governors like Ron De Santis in Florida are trying to stop people from being vaccinated.

Biden "There are elected officials actively working to undermine the fight against Covid-19. Instead of encouraging people to get vaccinated & mask up, they're ordering mobile morgues...Totally unacceptable."

There is something seriously wrong with this man. He's more deranged than we ever thought. To forget that Governor Cuomo killed an additional 15,000 people by requiring COVID patients be put up in nursing homes and then try and blame conservative Governors like Abbott, Kristi Noem, and Ron De Santis, (all of whom have been vaccinated and are asking people to take the vaccine but not requiring the vaccine) - well the man is clearly either a sociopath or is getting some really bad advice from someone.

The fact is that Americans have the right to not put something they don't understand or have concerns with into their bodies. The fact is that Joe Biden actually announced that he is a dictator in his speech. He needs to go - and it is the job of every elected official to do everything in their constitutional power to remove Mr. Biden from office.

Polls Show Youngkin Ahead, Sears Within 1 Point

Earlier this week, a WPA Intelligencer Poll showed that Glenn Youngkin had a 48-46 lead in the race to be the next Virginia Governor. To be perfectly frank, I don't know this polling firm, but I do know that Republicans are fired up to win back Virginia and sweep the leftists out of power. And Monmouth University has Winsome Sears down by 1 point (43-42). This is clear evidence that with all Scary Terry's millions, the fact is he can't buy his way back into power. We must keep up the fight and not let up until November 2. We are in the fight of our lives, these people cannot be allowed to remain in power, they will destroy

We need more poll watchers and elections officers. To be a poll watcher for Glenn Youngkin, please sign up here: <https://www.youngkinforgovernor.com/join-team-glenn/become-a-poll-watcher>

Thank you for allowing me to serve you as your Chair. Together we will take back Virginia
