Dear Friends and Fellow Republicans

Democrats Want Us To Suffer

As most everyone who is not a leftist is now aware, 2 bit actor and now convicted criminal Jussie Smollett was convicted on 5 of 6 counts of staging a hate crime. According to Smollett, on or about January 29 2019, he went out at 2 am when it was -20 degrees below 0, got a tuna fish sandwich, when in one of the most Democratic parts of the USA, he was attacked by 2 white guys wearing MAGA hats who put a noose around his neck, poured bleacn onto his face, and said this is MAGA country.

When he called the police back at his house, Smollett was wearing the noose

but the leftists knew it was a hoax. Yet Smollett played it out, all the way to getting himself convicted on 5 felony counts.

Joe Biden and Kamala Harris both tweeted out support for Mr. Smollett, saying that racist attacks should never occur. These tweets and the thousands of others in support of Smollett didn't age well.

What is really sad and scary is that the radical leftists still believe that Smollett is innocent and that "THE MAN" is picking on their buddy. Black Lives Matter still supports Smollett, and says that **“Policing at-large is an irredeemable institution,” Black Lives Matter will continue to work towards the abolition of police and every unjust system.”**

BLM, Critical Race Theory race pimps, and the rest of the radical left don't want to really fix anything. All they really want is to turn the USA into North Korea or Venezuela. They have no interest in making anyone's life better. They want dictatorial power for themselves. Nothing more and nothing less.

And they'll slander good people such as yourselves to get what they want - the destruction of the USA For their own wealth and power.

Elsewhere Around CD 6

Had a great time at the Harrisonburg GOP meeting this past Thursday. Thanks to all of you for your questions and concerns about a recent happening regarding awards given out by RPV. Let me explain some more. As many of you learned at the 2021 GOP Advance, there were awards given out to different volunteers and Chairs and Units and such. And because of a surreal set of circumstances which would take too long to go into here - well let's just say that the process became a fiasco. I have spoken with Rich Anderson, Chair of RPV, and he agrees with me that the process broke down, and needs to be fixed for next year.

Was great seeing so many of you at the Regional Christmas Party in Weyers Cave this past weekend. Several hundred great American Patriots showed up to give thanks to God for all that He has done for us and the Commonwealth this past year, to pray that our country will continue to heal after what has happened to it these past 2 years, and to enjoy fellowship with fellow

RPV Chair Rich Anderson for showing up. A great time was had by all.

Seems that I wore the ugliest Christmas sweater ever! Or so everyone seemed to think.

A Few Other Thoughts About Christmas

After the Civil War, the country was not healing well, and for good reason. 600,000 thousand died and many more were wounded. Yet then President US Grant knew that something needed to be done. With that in mind, Grant proposed and the Congress voted to have Christmas be an official holiday - this occurred in Grant's 1st term.

So by an act of Congress, Christmas became the official holiday. We have therefore, a legal duty to say Merry Christmas to our friends and family.

So out of respect for US Code, and out of love for each and everyone of you, I want to take this time to wish each of you a Merry Christmas, and may 2022 be our best year ever!

Thank you for allowing me to serve you as your Chair. Together we will take back Virginia
