Dear Friends and Fellow Republicans

Claudine Gay Out At Harvard – But Was It A Win?

As most of you are aware by now, Harvard finally ousted President Claudine Gay, after it was found she had plagiarized maybe as many as half of all her written documents. In Ms. Gay's letter of resignation to the Harvard Board of Trustees, Gay blamed racism as the factor behind her forced resignation.

These people have 0 sense of shame. Ms. Gay allowed for anti Semitic events and hate speech at Harvard. Ms. Gay said under oath that it would "depend on the context", saying "when speech crosses into conduct, that violates our policies", as to whether or not calling for the annihilation of Jews was actionable according to Harvard's Code of Conduct.

Think about this. The students in question were basically quoting Nazi ideology, and all Ms. Gay could do was kowtow to them. I have long said, as have many of you, that the radical leftists now are little better than fascists.

Are we glad that Ms. Gay is gone? Yes. Will it change anything in actuality? Not likely. See the problem here is that Ms. Gay is part of a groupthink among the radical left which believes that being anti Semitic is ok. She was not removed from President of Harvard for allowing anti Semitism. She was removed for committing dozens of acts of journalistic piracy. And then on her way out, she called everyone who was offended by her actions a "racist". Not to mention that Ms. Gay keeps her \$900,000 tenured job as a professor. So Harvard really isn't that offended by her actions.

which Gay did everything to promote, by adding new programs and campus initiatives to impose a racist ideology at Harvard. Gay had portraits of white males removed, and established a DEI bureaucracy that would make the average Cabinet Secretary in the Biden regime jealous.

Many of you have cringed when I say this line – but it must be said. We must send leftism to the dung heap of history where it belongs. We, the common men and women of these United States, are the last obstacle to the left destroying Western Civilization so they can implement communism here – not understanding that communism has failed wherever it is tried.

Congratulations to School Board Chair Dennis Barlow

I had the privilege of attending last night's Organizational Meeting of the Shenandoah County School Board. Back in November, movement conservatives swept the Shenandoah County School Board elections, going 3-0, and ensuring that 2 radicals put up by the Education Association didn't get on the Board. District 2 (Mount Jackson/Conicville) sent Tom Streett to the Board. District 3 (Fort Valley/ St. Luke/Edinburg) sent Gloria Carlineo to the Board. And my home District 6 (Strasburg) sent Mike Rickard to represent my town.

Put them along side Brandi Rutz (District 5), Kyle Gutshall (District 4), and Dennis Barlow (District 1), we have a great team who will get good things done on behalf of the families of Shenandoah County. It was my honor to see Dennis Barlow be voted in unanimously as Board Chair. This is a big deal, see just a few years ago, we were outnumbered 5-1, and that 1 vote was not a strong one for us. But now we have 6 strong conservatives managing our money on the Board. And nothing could have made me happier than to see my friend Dennis be voted in unanimously to be Board Chair.

Rockingham will be having a School Board meeting on the 8th at 7 PM, same type of organizational meeting (Or so am told). If we care about our schools as much as we profess to, please attend a School Board meeting, and watch what goes on. And do the same for your local Board of Supervisors and Town/City Council. Democracy cannot flourish in the dark.

Thank you for allowing me to serve you as your Chair. Together we will take back Virginia

I remain

your servant
