## **Democrats Want To Take Us Back To The Failed Policies Of The 70's**

For those of you too young to remember, the 1970's were a horrible time for the USA. We were a country in crisis both economically and morally. Everything from Vietnam to the Watergate scandals to gas prices to hyper inflation made us look like a country in decline. The foreign policy elites gave us Vietnam, and both parties gave us high gas prices and hyper inflation. One of the reasons we had both high gas prices, lines at the gas pumps, and hyper inflation in the 70's was because of something that Richard Nixon implemented, and then Jimmy Carter doubled down on - called "wage and price controls". Supposed to tone down inflation and make gas prices more reasonable, wage and price

economy never works. A market economy works best when government stays out of the way, allows for the markets to correct themselves, and then the capitalistic system makes money for all involved.

Yet our favorite Bolshevik, Robert Reich, former Clinton lackey, has now determined that what we need is to once again impose Stalinist measures on the economy (wage and price controls) and thinks what failed in the 70's will work now. Heck not even Barack Obama supported wage and price controls. Yet here is Comrade Reich calling for a return to the malaise of the 70's:

### **San Fran Nan Booed Off The Stage In NYC**

You know things are bad for the Democrats when Nancy Pelosi gets booed off the stage in NYC. At an annual "Global Citizen" event, actress Priyanka Chopra Jones introduced Pelosi, who was booed by the crowd after taking credit for all the hard work she'd done in combating "climate change". Not wanting to hear from real American citizens about the bad work Democrats have done in wrecking our country, Pelosi turned her tail and bravely fled.

### **Liz Cheney Is Losing Her Marbles**

Not satisfied by being humiliated by her own constituents last month, Liz Cheney has decided to now go after Republicans from other states, including our own Glenn Youngkin. Governor Youngkin, who has been out campaigning for good Republicans like Arizona Governor candidate Kari Lake, was the latest recipient of Loser Liz Cheney's twitter barbs. Oddly enough, Ms. Cheney has never said a word about the fact that 2 of her January 6 Committee colleagues objected to certification of the 2000 and 2016 elections. Odd, but isn't that treasonous now (at least according to leftists and their enablers in our own party).

### **Some Final Thoughts**

Jim Wood of Waynesboro could use your help in his City Council race. So can Kathy Tagnesi, Brandon Pifer, and Emily DeAngelis of Winchester. Collette Barry Rec of Lexington is running a spirited race against a group of radical leftists who are trying to destroy Lexington's history. Hunter Holliday is running a heck of a race in Salem City. And Ben Cline needs you to be door knocking for him

Thank you for allowing me to serve you as your Chair. Together we will take back Virginia
