Making the 6th District Great Again!

Dear Friends and Fellow Republicans

In an unprecedented event in modern American history - and quite frankly something that Stalin's and Beria's KGB would be proud of, last night FBI agents raided former President Donald Trump's Mar-A-Lago complex under the guise of saying that the former President was keeping classified documents improperly. This is beyond the norm and proves that there has been a fundamental change in how the federal government and the FBI and the Washington DC elitists view We the People.

From liberal Democrat Alan Dershowitz to South Dakota Governor Kristi Noem to Florida Governor Ron De Santis, people around the nation are infuriated at this disgusting act. For more read this from a former acting Attorney General:

6th Congressional District Congressman Ben Cline issued a strong statement about this as well. Read above.

This regime is doing everything they can to turn the USA into a banana republic. We must fight them at every step. We must speak out in our churches, in our donations, on social media, in neighborhood organizations, and at the ballot box this November. It is up to us to ensure the future of the Republic. If we do not act now - then we alone will be held responsible by history for not having stood up to the tyranny of big government.

### **Joe Manchin and the Liberal Democrats Give USA a Gift - 86,852 New IRS Agents**

In the recently passed "Inflation Reduction Act" (a spending bill which only spends more money on so called green technology and may actually accelerate inflation, there is a little noted provision which is now coming out. And that is the "Inflation Reduction Act" actually has a provision to hire 86,852 new IRS agents.

### **Is Liz Cheney Really a Democrat? Her Husband is Hunter Biden's Lawyer**

Wyoming primary, it seems that her husband is Hunter Biden's lawyer. Read here:

### **Ros Poplar Nails It - AGAIN!**

Shenandoah County GOP Activist Ros Poplar is becoming quite the fixture on several news sites. Everywhere from The Bull Elephant to The American Thinker to the Northern Virginia Daily, you can read Ros' articles and he explains things in a very matter of fact way. I just loved his last article on Electric Vehicles and why we can't make the transition overnight. Please read here:

Thank you for allowing me to serve you as your Chair. Together we will take back Virginia
