Dear Friends and Fellow Republicans

All of us or, at least those of us who love sports have watched ESPN over the years. ESPN was the 1st 24 hour sports channel in Cable, and for years they dominated the ratings. However recently, ESPN has lost a significant amount of viewership. ESPN has lost 8 million subscribers, or over 10% of their viewership, since 2020.

Now if you ask ESPN what is happening, they will tell us that most of this is because their viewers are more likely to watch individual sports channels, such as the NFL or NBA Network, or the Golf Channel. There is a bit of truth to this fact. However ESPN is lying to themselves if they believe this is the only problem. Their main problem is that one can no longer watch ESPN (or most other pro sports for that matter) without getting a daily dose of woke leftism.

When I think of ESPN, I think of Chris Berman and his geeky nicknames or ways of announcing that broke the mold. I also reminisce back to the days of his counterpart, Tom Jackson (former LB for the Denver Broncos) who was the straight man to Berman's hilarity. Jackson was an expert in all things NFL, and the 2 of them were the best co-hosts of a sports show ever.

However a few years ago, ESPN decided to invest in woke ideology. Instead of getting Berman and Jackson, we got hosts who spent all their time talking about why Colin Kaepernick was being blackballed by the NFL. Instead of getting highlights, we got Stephen A Smith and his sidekick Max Kellerman calling us all racists. It was no longer about the game of the day or week, it was about how the NFL or NBA needs to be more woke.

There is a hashtag movement aptly titled #GoWokeGoBroke - and this is what is happening to ESPN. If this was just happening to ESPN, they might have a point. But this is occurring all through the USA. Look at what happened to Disney the moment that Disney management thought it would be a good idea to have 1st graders learn sex education and gender reassignment. They've lost billions in market cap. The same has happened to the NBA as well. Why? The NBA has all but admitted that they are stooges of Communist China. Don't believe me? The owner of the Golden State Warriors has publicly stated that no one cares about how the Chinese Communists are denying human rights to the Uyghurs (Muslim Chinese). Or how the Brooklyn Nets owner Joe Tsai made his fortune in China.

usage in the USA than the right to life of millions of Chinese. The NBA owners are more interested in making Communist China than in the lives of millions of unborn babies (some of who could have become NBA Players) who are slaughtered daily by Planned Parenthood - a group which was founded on eugenics - aka a philosophy that not all life has value, only those who are the genetically and racially strongest have value - Gee where have we heard that before?

Just remember - Go Woke - Go Broke. We the People are sick of being talked down to by a bunch of woke ideologues who want to harm our kids, and in millions of cases, murder the unborn for profit.

Thank you for allowing me to serve you as your Chair. Together we will take back Virginia
