Dear Friends and Fellow Republicans

A Republican Picks Up a Safe Democratic Seat

Last week in Connecticut, GOP candidate Ryan Fazio won a special election in the 36th Senate District in Connecticut. The victory was by approximately 3%.

The reason this is so important - Joe Biden won this same seat by 25% in 2020. Aka a 28 point turn around in less than a year.

How did this occur? Fazio ran on a platform of economic growth and the fact that Democrats are extremists, and the Democrat ran on an anti gun platform. Given the current mood of the country, the outcome was foreseeable.

This does not mean that the GOP should let off the gas for even a second. We

Leftism is a Cult (Inspired by Dennis Prager)

Ever since the early 90's, we have been talking about how the Democrats in the Legislature and Democrats on our School Board have been trying to separate our children from their parents. This first started when the Democrats passed a law in the early 1990's (maybe the late 80's) to allow for teens to have an abortion without parental consent or even parental notification.

What we are seeing now is nothing more than an extension of what they passed above. Schools are no longer educational centers, but they are indoctrination centers. It is a betrayal of the parental trust for our schools to indoctrinate rather than teach. It is a show of cowardice of the school system to try and keep our parents away from what our kids are being taught. The school system knows they're indoctrinating. Wanna know how we should know this? Simple - they're afraid to have parents hear what they're teaching.

Personally I'd be thrilled if the left heard and actually understood what we're saying. However the left does not want us to know what they're teaching our kids. Which is the main reason they're so insistent on trying to make sure that we don't hear what they have to say. This is what cults do.

Trying to sever the bond between child and parent is the first thing that any cult does. This was done at Waco by David Koresh. It was done by Jim Jones. It was done by Stalin and Komsomol. And it is now being done by leftists in our schools. This is being done not only by leftists, but also to blame are go along get along Republicans and supposed independents.

As most of you are aware, I have done something that no previous District Chair has done before. I've been working with Unit Chairs and other activists up and down the 6th Congressional District to make sure we have conservative candidates running for School Board and for all local offices. Yes the State Board of Education sets alot of statewide policy, but these policies are implemented by localities. It is just as important that the localities be governed/led by small government conservative activists as Richmond and

Maybe, it's been most heartening to see how hard our candidates have been working. Even though it's the dead of summer, people like Brandi Rutz, Pam Carter, Sabrina Von Schilling, Scott Guise, and Morgan McCown have been working. All of our Delegate candidates have been working their tails off. Everywhere I go, and everywhere anyone goes, they can see John Avoli, Chris Runion, Bill Wiley, Todd Gilbert, Mike Webert, Chris Head, Terry Austin, Ronnie Campbell, Wendell Walker, Rob Bell, and Tony Wilt have been working (my apologies if I missed anyone). Charlie Nave has been taking the fight to his leftist opponent like it's going out of style. Same with everyone listed above, and so many others who I've not mentioned. And what are we seeing from the leftists? Well while Glenn Youngkin was in Page/Shenandoah/Rockingham Counties on Friday - Terry McAwful was in Martha's Vineyard. And his minions have not been doing much more. This is why we will take back Virginia come November. Ideas, momentum, and energy are on our side. Not to mention the best set of candidates we've ever run up and down the ticket.

Yours Truly on Radio Free Virginia

It's a long listen, but you'll get some special insights as to why we failed in Afghanistan, and how we must fix the GOP at the local, state, and federal levels.

Last but not least

For those of you who have been praying for me and my family - in case you did not hear, late last week my cousin Gina - who had been stuck inside Afghanistan and was likely on a short list of troublemakers kept by the Taliban, escaped to Qatar with her husband and adopted children. Thanks to each of you who prayed for her release.

Thank you for allowing me to serve you as your Chair. Together we will take back Virginia
