Dear Friends and Fellow Republicans

Halloween Now Represents White Supremacy

Guys,

We really can't make this stuff up. An elementary school in Seattle Washington has banned Halloween, saying that it "marginalizes persons of color". It took 5 years for the "racial diversity team" of Benjamin Franklin High School to determine that Halloween is a racist holiday, and now for the 1st time in who knows how long, From the School's Newsletter:

[Halloween events create a situation where some students must be excluded for](#)

from learning. Large events create changes in schedules with loud noise levels and crowds. Some students experience over stimulation, while others must deal with complex feelings of exclusion. It's uncomfortable and upsetting for kids.

I'm no great fan of Malcolm X, who was a black separatist. But here he is 100% spot on - talking about white liberals: “The worst enemy that the Negro have is this white man that runs around here drooling at the mouth professing to love Negroes and calling himself a liberal, and it is following these white liberals that has perpetuated problems that Negroes have. If the Negro wasn't taken, tricked or deceived by the white liberal, then Negroes would get together and solve our own problems. I only cite these things to show you that in America, the history of the white liberal has been nothing but a series of trickery designed to make Negroes think that the white liberal was going to solve our problems. Our problems will never be solved by the white man.”

What is this world coming to?

Biden is Losing Americans on Big Government Expansion

The American people are finally fed up with Biden and his government takeover. When Biden has lost CNN's Chris Cillizzia on his radical spending programs and inflation for years, you know that Mr. Biden is in deep over his head. This regime is an absolute disgrace - with everything from Anti Semites to former terrorists to those who favor Soviet style economics, the Democrats and their RINO enablers have really given a black eye to American history.

Old vs New in Shenandoah County - Kyle Gutshall Is the Future of the

Earlier this week, in Shenandoah District 4 at a candidate forum, Kyle Gutshall clearly showed why he is the best person to be on the School Board. Too many of us who are past 50 like to say how our youth cannot handle the future. Kyle clearly shows this is not the case, and we need him on the Shenandoah County School Board. His opponent is a charlatan who signed a petition to change the name of Stonewall Jackson High and now wants everyone to forget his position. Kyle's opponent also claims to have been the one who brought air conditioning into Shenandoah County Schools (clearly false). I've knocked on a few doors for Kyle and Wade Guinn in Shenandoah County, for those of you who are in Woodstock or not too far away, please help out Kyle.

Again don't believe me, watch for yourself!

Please Get Involved

Team Youngkin needs you to be involved. Get with your local GOP and knock doors for Team Youngkin. Or for whichever local candidate near you. Morgan McCown and Scott Guise need your help in Kerrs Creek. Matt Cross needs your help in Rockingham County in his race for School Board. Melanie Salins needs your help in her race for School Board in Warren County. As does Matt Robertson the Staunton City Sheriff.

Delegates Tony Wilt and 11th HoD candidate Charlie Nave need you. As does Ronnie Campbell, Kathy Byron, Chris Head, Chris Runion, John Avoli, Terry Austin, Wendell Walker, Bill Wiley, the list goes on and on. Joe McNamara no longer has an opponent (his opponent dropped out earlier this week) but that doesn't mean we don't wanna get out and vote for Joe! And Michael Webert is running a heck of a race and you guys in Warren County need to support Michael too!

Especially given the fact that it now is confirmed that Mark Zuckerberg of Facebook Fame (or shame take your pick) spent approximately \$419,000,000 to increase Democratic turnout by taking over elections in swing states.
