Dear Friends and Fellow Republicans

Have We Lost Our Republic?

Earlier this year, I made a comment on social media, saying that among the 3 most horrifying days of my adult life, the collective decision by Big Tech to remove Parler from their app stores and from any Internet server was the most terrifying day of my life. (For the record I was ½ of a mile from the Pentagon on 9 11 and during the DC Sniper crisis in 2002 – my best friend's father was in the same parking lot at the same time as one of the victims - Linda Franklin - was when she was shot at the Home Depot 7 Corners).

Several leftists got all bent out of shape and mocked me as being a nut for

Parler/MyLiberty etc was a good thing. They also believed that the banning of Donald Trump on Twitter was a good thing as well (this also happened within 24 hours of the January 8 takeover of free speech).

Now earlier this week, Biden's Attorney General Merrick Garland announced that he has instructed the FBI to mobilize against parents who oppose Critical Race Theory in schools, calling them a "threat to public safety". And also earlier this week, everyone's favorite narcissist, Anthony Fauci, stated that "There comes a time when you have to give up what you consider your individual right of making your own decision". Aka give all your liberty up to us the upper crust establishment so that you peons will know your place.

This is what we are coming to – if we don't do something about our individual liberties now. Each of us has a duty to stand up now against an ever increasing tyrannical government, before we are truly no longer free. And do not think that every Biden voter will all of a sudden think that we're right and they made a mistake. These people are so simple minded, they'll turn us into North Korea and think they've won a great victory.

Thank you Ben Cline. More about Lt. Colonel Scheller

A few weeks ago, Marine Lt. Colonel Stuart Scheller was imprisoned for speaking out against his commanders. Thanks to the hard work of Congressman Ben Cline, who has been a leader on this subject, Lt. Colonel Scheller was released from military prison. This is a horrible subject and this may not end well for Lt. Colonel Scheller, but thanks for Congressman Cline, Lt. Colonel Scheller is no longer behind bars – however none of the Joint Chiefs of Staff have been arrested for their complicity in the Afghan debacle either. A travesty of justice all the way around.

RIP Joe Patten

Warren County GOP Committee Member Joe Patten died over the weekend. COVID. He was a young guy, very good FB administrator of the 6th District
