How the Democrats Really Feel About Israel – and How Hamas Feels About the LGBT Community

Many in the LGBT community, and their supporters in elected office, are either supporting Hamas/Hezbollah, or are trying to come up with a neutral solution that will let Hamas/Hezbollah survive. This shows you just how foolish the LGBT community and their supporters are. Hamas and Hezbollah, if allowed their way, would likely execute anyone who is gay or transgender. Unfortunately, these geniuses are so angry towards America for some perceived slights, or the fact that we, as a nation founded on Judeo Christian values, aren't too terribly tolerant of their lifestyle, that they would rather support a group which would slaughter them in Allah's name than a group of Christians who might tell that community that they're playing a dangerous game with their own souls.

To let you know what the Democrats really think of Israel, it seems the Senate Democrats have blocked a resolution in support of Israel. The resolution, introduced by Senator Josh Hawley, would have condemned Hamas and anti-Semitic rhetoric on some college campuses.

Supermodel Kathy Ireland On Being Pro Life

For those of us who are 80s kids, we grew up adoring supermodel Kathy Ireland. We get told most of that crowd is left of center, and thus are out of reach. However Kathy Ireland in this video goes through her transformation from being pro-choice to pro-life. It's a very inspiring story, and one we need to remember, that anyone can be reached if we do it properly.
