Dear Friends and Fellow Republicans

## Secure Your Vote!

As many have noted, we lose in part because of early voting - where the Democrats have taken such an insurmountable lead during the 45 day voting season that we end up being thousands of votes behind coming into Election Day. And if there is something like bad weather, or many just forget to vote (shocking but true) well this is why we have to try alternate solutions to ensure that we bank up votes so that Democrats can't cheat their way into a victory.

Yesterday, Governor Youngkin has come up with a plan called Secure the Vote <https://secureyourvotevirginia.com/>

cheat. Fact is, that if we can get more people to volunteer as Elections Officers, we can make sure that Democrats can't cheat, and thus we can bank early votes and not be playing catch up come Election Day.

Another reminder that we need Elections Officers - if you care as much as you say about free and fair elections, then please get involved, reach out to your Unit, and ask to be an Elections Officer.

Another Newsletter will be coming later this week. We have alot to talk about, including Ben Cline on national TV earlier this month and his take on the Durham report. God bless each of you and see you soon!

I remain

your servant
