Dear Friends and Fellow Republicans

Will Roe Be Overturned?

Yesterday afternoon, Politico leaked a draft opinion of a Supreme Court decision on the overturn of Roe V Wade. According to the leak, it seems that

signature on a legal writ by the Supreme Court.

When I first heard about this leak, I was outraged, as this is little more than a feeble last ditch attempt to stop the Court from finding that there is no legal right to an abortion in the USA. Whoever leaked this should pay with their jobs and possibly be prosecuted if a law was broken. The Supreme Court had to be barricaded last night so that ANTIFA and the abortionists could not storm the Court.

This decision, if the reports are accurate, will likely be the most important SCOTUS decision of our lives. We should rejoice, as the killing of innocent babies will hopefully start to come to an end. But we should not be filled with glee. We should not fist pump or whoop. Too many innocent babies were killed, many of whom would have been our neighbors, for us to be elated. Boys and girls who never had the chance to grow up, to play baseball or roller blade. Boys and girls who never got to eat birthday cake, or fall and skin their knees. Boys and girls who never got to go to their prom.

Who knows what these boys and girls would have grown up to be. Maybe one of the boys or girls whose life was wasted before they left their mother's womb would have been a great doctor who found a cure to cancer? Maybe one would have been an astronaut, or a great athlete. Most would have been parents. Each would have had a life though outside of their mother's womb. And each would have had a chance to succeed at something.

But because of Planned Parenthood and the abortion lobby, and their enablers in the mainstream media, we'll never know what any of these millions of children would have become. All we know is that their lives were ended way too soon.

Now the fight will move from the courts to the state legislatures. If this is correct, and the leaked story is true, then it will come down to Richmond as to whether or not abortion remains legal in Virginia. As most of you are aware, the Democrats are in control of the Va Senate. And as many of you (and now all of you) are aware, I am not only your Chair, but also running for the 1st Senate District in Virginia. I pledge to you this day, that if elected to the Senate, I will introduce legislation which will make abortion illegal in Virginia.

I remain

your servant
