Dear Friends and Fellow Republicans

Trump Indicted on 7 Counts

In another low episode showing just how low the Democrats and their enablers will go, several media outlets broke a story showing that President Donald Trump has been indicted on 7 counts, having to do with the raid on Mar A Lago in 2022.

This shows our 2 tiered justice system - that President Trump can be indicted for supposedly possessing classified documents (even though President's are in charge of what is deemed classified and they can declassify documents as

declassify these documents while being the VP.

Why hasn't Biden been charged with bribery, while taking bribes as Vice President. He took them from Ukraine. And if the Congress could impeach then ex President Trump, can't we impeach President Biden for crimes committed while he was Vice President.

Friends we are in surreal times. Whoever you are supporting for President, be it Trump, DeSantis, Pence, Scott, Haley etc, you should be horrified at what is occurring. Because what they will do to Trump, one day they will do to you and I.

Because I don't want anyone to be overshadowed, I will not be featuring a local candidate this week. Will resume next week.
