Dear Friends and Fellow Republicans

## **It's Money Time!**

8 days from today, we will have the chance to take back Virginia. This is the most important election of my lifetime, and probably in each of yours as well. In our hands is whether Virginia will remain a beacon of freedom, or will become New York South or California East. All of the nation is looking at us. They're talking about us in Florida, Michigan, Wisconsin, and even on the left coast. We serve a God of 2nd, 3rd, 4th, 5th, and in my case 99th chances. We need to be active and get involved. There are still things you can do to help out Team Youngkin, and in doing so, help out your children and grandchildren.

polls. I was in Shenandoah County at the polls on Friday, and was heartened to see the volunteers led by John Chroniger divvying up phone call lists. I've seen so many so called ordinary folk do some amazing things. These volunteers were each taking an oath to make 300 phone calls per person. That's how we'll take back Virginia. When Delegate Tony Wilt and Chris Runion win - it will be because people like Laura Logie have made thousands of phone calls on their behalf.

It will be because of the Liberty U College Republicans and the JMU Republicans also (Meredith Minto and Juliana McGrath are rock stars). Botetourt Republican Women's Club led by Jackie Amos. It will be because of the tireless work of people like Susan Oliver and Kent Robey in Bedford. Todd and Betty Edwards and Jerry Wilson in Waynesboro. Peg McGuire, Brother Maynard Keller, and Melanie Rice in Roanoke City.

There are literally a couple hundred people who I've not mentioned - so if your name was left off here, email me and let me know what you've done - so you can get your credit. Team Youngkin and their candidates have been out there busting their humps to take back Virginia - now the question is, what can each of us do to help them?

### **#ArrestFauci**

As most of you are likely aware, I'm a Daddy to a 4 year old Beagle named Frank. I also am no fan of Mr. Fauci. However Mr. Fauci did something that no other DC bureaucrat could do - get a bi-partisan group together to investigate his doing animal testing on Beagles. Seems what Mr. Fauci did was put their heads in cages, and put flies in that cage, and have the flies eat the Beagles faces off. He also had their vocal cords removed so that the "scientists" could not hear any barking from the beagles as they were dying.

I understand that animal testing is necessary, and must be done, and that animal testing is cruel at best. However it's rather obvious these tests were unnecessary, and that this man is little more than a clownish mad scientist who gets his jollies torturing living things - including people.

## Glenn Youngkin is a Fighter!

One thing that many of us conservatives have lamented is the fact that Republican candidates are afraid to fight. We get beat up on and literally do nothing back. That's one reason that so many of us loved and still do love Donald Trump.

Now Mr. Youngkin is not a Trump like figure, but he's not afraid to fight back. Among Mr. Youngkin's better hits is this one - reminding everyone just what a group of racists the Democratic party is, and how McAwful is a soulless toad (sorry for insulting my amphibian friends)

Team Youngkin has put out many hard hitting ads, so we know that Mr. Youngkin will fight for us once he's elected.

Thank you for allowing me to serve you as your Chair. Together we will take back Virginia

I remain

your servant
