Dear Friends and Fellow Republicans

Overdose Deaths Up According to the CDC

According to the CDC website, approximately 93,000 Americans died because of overdoses in 2020. This is the highest number of overdose deaths in US history. Much of this due to an increase in fentanyl coming across the border. While the Chinese have a "ban" on the manufacture of fentanyl, the fact is they have been shipping the ingredients to make fentanyl to Mexico. Gee I wonder how it gets to the USA?

So thanks to Joe Biden, Kamala Harris, and their border policies, 93,000 Americans who should not be dead - are. Ergo, the Biden regime has 93,000 deaths on their hands.

Time for House GOP Leadership to Step Up and Stop Rolling Over

For too many years, the House GOP Leadership has been too timid on calling out Democrats for what they do and their tactics. I don't agree with how Democrats think or legislate, but we should all appreciate their ability to push an agenda. They have been driving the issue when it comes to voting. And the House GOP Leadership has been mum on the subject, other than to say "We're not racists".

Sorry but that dog just doesn't hunt. When you get into politics at the state or federal level, one thing you have to accept is that every leftist will call us racist/sexist/homophobe etc. And we must stop playing on their terms.

It's time for us to call out Democrats for what they are. The only reason they are pushing a federal attempt to remove elections from the state level and have all laws be handled at the federal level is they know that there is no way we could ever stop ballot fraud or have election audits if the audits were performed by the DoJ. It is our duty and the duty of both the RNC and House Leadership to say: Democrats are pushing this radical agenda because they want to steal each election in each United State and each Legislative District in the country- and what they can't win on policy, they'll win by fraud.

Back in April of this year, the Washington Post called me a liar saying "[John Massoud, the GOP's 6th Congressional District chairman, introduced the group by repeating Trump's false claim that Democrats stole the 2020 election.](#)"

The radicals are going to call us whatever they will no matter what we do. Especially if we're right on the issue. So I say let's fight them on their terms! Let's remind everyone over and over again - in Letters to the Editor, social media, at all of our meetings, in Town Halls etc - that the only thing Democrats are trying to do here is steal every election that they cannot win legitimately. And this is why we must fight HR1 and we must win. No compromise no surrender.

Forget the fact that they won't "like us". They never have and they never will. Radical's can't be reasoned with. They must be defeated in the war of ideas, and at the ballot box. We are in for the fight of our lives, and our children and their children depend on us now. We cannot falter we cannot fail. We must win. And we must be strong.

I Know You're Lying Your Lips Are Moving!

Meghan Trainor's top hit in 2014 is never more appropriate than when listening to Jen Psaki give a press conference. Seems that pretty much everyone in the Biden regime is a "lyin dog face pony soldier" (Their words not mine).

lie-on-defund/

It helps to listen to this song while listening to a WH Press Briefing: https://www.youtube.com/watch?v=qDc_5zpBj7s watching the video is optional. The music isn't my style, but the words sure are accurate!!

Thank you for allowing me to serve you as your Chair. Together we will take back Virginia

I remain

your servant

JM

S John Massoud

6th District Republican Party Chairman
