Dear Friends and Fellow Republicans

Last night, I was in Bedford County for two different events. 1st was the Bedford Town Council Candidate Forum, and 2nd was the Bedford County GOP Committee Meeting. Being a political nerd, I love candidate forums of all types (even if this was in CD 5 and not CD 6) and wanted to root on Team GOP, but the real story behind this newsletter is what happened at the GOP meeting last night.

Amendment 1 (again say Yes on Amendment 1) to this and that, the Unit Chair, Tim Griffin, gave his Chairman's Report, on how this election is from his perspective.

Chairman Griffin talked about how history has chosen some shocking people to be the facilitators of change in this country. He talked about how Chester Arthur was a political boss who got his experience from Tammany Hall (one of the most corrupt political machines ever in US history) but upon coming to the office of President, Arthur led the first Civil Service Reform movement, and signed into legislation the Pendleton Civil Service Reform Act - meaning for the first time that political jobs should be awarded based on merit rather than party allegiance. Arthur, who had been a politician for profit all of his adult life, became the agent of change in Washington DC.

Chairman Griffith then went on to talk about how Trump, who had never been an advocate for life, has become the best advocate for life during Tim's existence on this Earth. And how Trump was also like Teddy Roosevelt, a populist who dominated the room or any conversation each time he entered.

Chairman Griffin then went onto talk about just why this election is so important, because the main issue on the ballot is our civilization itself. And how if the Democrats win power in Washington, they will fundamentally change this country as we know it. Everything from how we define civil rights to how the modern day Democratic Party

I've been working on campaigns and been a part of elections since 1980. And have dealt with dozens if not hundreds of County/City Committee Chairs. However last night was the most amazing speech I have ever heard a Unit or Congressional District Chair give. Tim explained from the perspective of his generation just what is wrong with the modern day Democratic Party and how the Republican Party must be the agent of change and how Donald Trump, Daniel Gade, and Ben Cline will protect Western civilization and our freedoms.

I've been busy doing from Unit to Unit meeting and Unit events up and down the District. Looking forward to seeing everyone in Lynchburg this evening at 6 PM and then Botetourt at 7 PM.

Thanks from the bottom of my heart to each of you for all the hard work you are doing, and are going to do. It is only with your help that we will take back Virginia!

I remain your servant

S John Massoud

6th District Republican Party Chairman
