Dear Friends and Fellow Republicans

Leftists Aren't Aware that African Americans Own Guns?

These people are incredibly ignorant, yet each time I think they can't get any worse, well they find a way. Yesterday on The View, Joy Behar came up with a statement that she obviously believes - but how she thinks this is beyond me. Ms. Behar actually said the words that gun laws will become more restrictive once more black own guns. And she said this to an African American woman who was talking about why one of her neighbors owns firearms. The statement is made at the 5:20 mark of this video:

week on the fact that more and more gun owners are African American, and because of the Defund the Police movement in inner cities, well black Americans are more vulnerable to crime inside inner cities than the elitist liberals who are bringing down this mayhem on minorities.

Mr. Riley's last paragraph of the article is rather brilliant:

The source of the problem is the failure or inability of the government to protect us. Common sense dictates that we do what is necessary to protect ourselves in the meantime. Only a fool or an ideologue could believe that the best response to people who commit crimes with guns is launching a holy war against people who respect gun laws.

Are Democrats Waking Up to What is Happening?

Earlier this week, voters inside San Francisco overwhelmingly supported a recall of their District Attorney, a George Soros leftist named Chesa Boudin. While the mail-in ballots are still being counted, it is certain that Mr. Boudin has been recalled - most likely because of his support of light sentences for violent criminals. What happened to Mr. Boudin is the start of a trend which is catching on - where George Soros backed prosecutors are being recalled over their disdain of law enforcement and their almost socio-pathic need to give violent offenders 2nd, 3rd, and more chances.

We have a few of these in Virginia, the most famous being Buta Bigeraj in Loudoun County. Ms. Biberaj was the Commonwealth Attorney who allowed the Loudoun School Board to hide evidence of a sexual assault inside a Loudoun County High School.

Democrats must be seeing that their radical plans to increase crime in inner cities among the most needy of us is a horrible idea, and won't work come November.

A reminder that there is a primary going on, and that we need each of you to vote for the candidate of your choice. Please go to your local registrar's office and vote early. And that Primary Day is June 21.

Thank you for allowing me to serve you as your Chair. We're in for a long struggle - we're all in this together.
