Dear Friends and Fellow Republicans

As most of you are now aware, House Republicans are about to impeach Secretary of Homeland Security Alejandro Mayorkis for his refusal to enforce current laws regarding border security. Our Congressman Ben Cline has been a leader, calling for Secretary Mayorkis to be impeached for the past several months.

Secretary Mayorkis is only doing what he is commanded to do, which is to allow an invasion of illegal immigrants to come across the border, and take our jobs and force locales to raise taxes to deal with the millions of illegals who have come across the border.

To view Ben Cline's stance, for those of you who have Facebook, you may watch this video: <https://www.facebook.com/reel/945321633604351>

In addition, Katie Pavlich has done a great analysis of why the Senate Border Bill is dead on arrival in the House of Representatives. I'll link the article below, but here are Katie's 5 reasons that the sham border bill is going to fail in the House:

1. Joe Biden doesn't need legislation to fix the problem he and Secretary Mayorkis created
2. The bill provides more funding for Ukrainian borders than the US Southern border
3. Taxpayers will be forced to pay for attorneys to represent illegals who are breaking the law
4. The Border Bill provides little to no additional funding to build the wall
5. The legislation allows for illegal crossings to continue daily (My understanding is up to 5,000 additional illegals per day, some say that number is closer to 8,500 per day)

This is what Senate Democrats and their enablers in the GOP Establishment think of us. Fortunately this public outcry has forced Swamp Dwelling Creeps

bill. And Senator Lankford is now likely to vote against the bill he helped write.

This is what happens when We the People let the Swamp know that we are in charge.
