Dear Friends and Fellow Republicans

Biden's Deficit Reduction Act is a Ponzi Scheme

This past week, the Divider in Chief, Joe Biden, submitted a 10 year "budget" plan to the Congress. In this was every leftist's wish list. In this, he calls for a 5 trillion dollar tax increase, increasing taxes on small businesses by over 56%, and raise the corporate tax from 21% to 28%. Aka he'd force businesses to move overseas so they can save money.

Mr. Biden, who has never met a tax increase he didn't like - is trying to call this monstrosity a "budget deficit reduction". In actuality, if Mr. Biden actually believes what he's saying, then he's off his rocker. All this will do is. This "deficit reduction plan" calls for 2 trillion in new spending, and maybe more important, does not touch Social Security. What Mr. Biden is conveniently forgetting is that Social Security benefits are set to cut by 20% within 10 years time. So Mr. Biden's "budget reduction act" is little more than a tax and spending increase on working folk,

Some despise Tucker Carlson. Others love him. I fall in the latter category. But like Tucker or not, the fact is that Tucker - assisted by Speaker Kevin McCarthy - has exposed just what a fraud that the January 6 narrative has become.

Far from being an insurrection, the videos show that what happened on January 6 was some people behaving poorly, but no insurrection. And in the case of Jake Angeli (better known as Qanon Shaman), it shows the Capitol Police escorting him around the building. It also seems that the federal prosecutors did not turn over exculpatory evidence to many defendants. Clearly the video shows Mr. Angeli being allowed into rooms by Capitol Hill Police Officers, and the same occurred for other J6 defendants as well.

This is why we need to have Congressional Committee's that are represented by both sides, and not allow San Fran Nan (Nancy Pelosi) to hand pick who can sit and not sit on a Committee. However you feel about Richard Nixon, the fact is that history and the Judiciary Committee were well served by having partisan Republicans (such as Charlie Wiggins of California) defend Nixon in the Committee. You may not believe this, but doing so forced the Committee Members who were supporting impeachment to bring their best argument forward, and doing so, required the Congress to be fair towards Nixon, which (as weird as this may sound) required Republicans like Caldwell Butler of Virginia and the Democrats on the Committee to bring a well reasoned argument as to why Nixon needed to be impeached.

The country never would have accepted impeachment if it wasn't both bi-partisan and having hearings conducted in a fair manner.
