## **Newsweek Commits An Act Of Journalism**

In a rather shocking development, Newsweek committed an act of journalism earlier this week. They actually reported something we conservatives have

“gender reassignment surgery” (aka sexual organ mutilation surgery) on children without having done much research.

Read this article to learn more about Zach – whose mother wanted Zach to have Zach’s sexual organs mutilated, where Zach’s father knew something wasn’t right.

### **More About the Latest Trump Indictment**

As we’ve discussed before, and as each of you are likely aware, Jack Smith’s indictment of President Trump is a very scary moment in our history. For the most part, Smith is indicting Trump for doing exactly what Hillary Clinton did in 2016 – have an alternate set of electors in disputed states. But it seems that the Biden regime has gone so far this time, that not even the liberals can support what they’re doing. Jonathan Turley, law professor at George Washington University, has publicly stated that indicting Trump because he believes that the 2020 election was stolen will kill free speech in the USA. The Daily Beast, no friend to Republicans, has an article which reads – Trump Was Indicted For Being Wrong – Which Is Not A Crime.

(For the record, I am and remain on the record stating that because of ballot fraud, and the shutdown of information on social media – that the 2020 election was stolen and that Joe Biden is a fraudulent President – but unlike radical leftists, we can have a rational conversation with people who disagree with our viewpoints).

This is not about who you are supporting for President in 2024. No matter who you support, we all should be horrified at what the Biden regime is doing.

Now if Jack Smith wants to be intellectually honest, then he should indict Barack Obama for saying “If you like your doctor, then you can keep your doctor”. Biden should have 100 different indictments on him. Somehow, I don’t think that will occur.

I’d love to hear your thoughts on the best Biden lies from the WH that are deserving of prosecution. Please email them to me.

FOR IMMEDIATE RELEASE

August 3, 2023

NATIONAL CONSERVATIVE EDUCATION PAC ENDORSES GLORIA CARLINEO AND MIKE RICKARD

Shenandoah County, Virginia - The 1776 Project PAC has announced the endorsement of Shenandoah County School Board Candidates Gloria Carlineo, Esq. (District 3) and Mike Rickard (District 6). In making the endorsements, the PAC stated: “Virginia was ground zero for the fight against radical left-wing school boards. Our PAC is here to ensure they get replaced with members that respect parental rights.” In response to the endorsement, Gloria Carlineo

1776 Project PAC that we will be able to take back our school districts and prioritize our children's future over Leftist indoctrination."

Mike Rickard added: " I am grateful for the 1776 Project PAC and the doors this helps open in bringing back traditional American values to our public schools and empowering our parents to once again have a role in their children's education."

The 1776 Project PAC is a political action committee dedicated to electing school board members nationwide who want to reform our public education system by promoting patriotism and pride in American history. The 1776 Project has had tremendous success in school board elections from California to Florida to New Jersey. The PAC focuses on getting conservative school board candidates elected by providing campaign support and resources. For example, last year in Florida, the PAC made an average campaign investment of \$11,428 per race which resulted in flipping seven school boards from liberal to conservative in the following counties: Brevard, Clay, Duval, Martin, Putnam, Sarasota, and Florida's most populous, Miami-Dade. In the last quarter, the PAC was in the Top 50 of organization with the most contributions from WinRed by raising \$575,799 from over 22,000 unique donors. Major players in the conservative movement such as Tucker Carlson, Laura Ingraham and Ben Shapiro have all praised the efforts of the 1776 Project PAC.
