Making the 6th District Great Again!

Dear Friends and Fellow Republicans

Onto 2022! And Beyond

Our common man and woman revolution was heard round the world this past week. We're being talked about in far away lands like Australia, where the Sky News has done a fascinating job explaining the November election and just how the leftists went overboard. However as most of you have heard me say time and time again - our work has only begun. Because we are in a fight to retake both Virginia and the Republic, each election from this point on will be the most important election of our lifetimes.

With that being said, we all know that CD 6 is a deep red District. It's not

than 30% of the vote. We need to take back CD 2, 7, and 10 (Tidewater, Central Virginia to Richmond suburbs, and NOVA). We need to be supporting great movement conservatives like Leon Benjamin (likely to run in CD 4 - a formerly deep red district which has become a bit too blue for my taste). If possible we need to help out Bob Good in CD 5 (Central Virginia) so that he can turn back a likely well funded opponent.

We need to take back both Houses of Congress so that everyone is aware that we are the dominant force in American and Virginian politics. Each of us has a duty to our children and our children's children to make sure that we leave our Republic and our Commonwealth a better place. Each of us must find it in ourselves to do our utmost to make sure that we leave Virginia a better place than we found it.

Congrats to Speaker Todd Gilbert!

Each of us in Shenandoah County and inside HD 15 had an early Christmas present, when it was announced that House GOP Leader Todd Gilbert would be the next Speaker of the House. Todd is a conservatives conservative, and one who we can trust to ensure that anything that the leftists try to ram through will be killed. Todd will ensure that only good legislation gets sent to the House floor for a vote, and will work well with both Governor Youngkin and the Legislature to help take back Virginia.

For all of us in Shenandoah County, this is a personal victory for us, as we see Todd not only as our Representative in Richmond, but also as our good friend and almost a part of our family. The next legislative session will be a great one for sure!

CNN and the Establishment Reach a New Low

Earlier this week, CNN's website wrote an article which shows just how out of touch they are. The article is titled - American's Are Not Hearing Joe Biden.

Think on that. Americans are seeing their life savings being wiped out by inflation. The federal government is saying that angry parents are domestic terrorists - the economy is a mess - gas prices are at a 7 year high, and the Establishment is worried about Biden's feelings.

said that it's a good thing Kyle Rittenhouse can't be prosecuted for being an idiot. For those of you who don't remember, Mr. Toobin was the CNN legal analyst who got caught giving himself a personal treat whilst on a Zoom meeting with female colleagues.

Not to be outdone, MSNBC Anchor Stephanie Ruhle said this past weekend that the dirty secret about inflation is that we all can afford it. Well maybe her cronies in the Swamp can afford it, but we common working folk cannot. These people have lost touch with average daily Americans, and must pay for this with their jobs and hurt them in the only place they'll understand - their wallets.

Thank you for allowing me to serve you as your Chair. Together we will take back Virginia

I remain

your servant
