## Making the 6th District Great Again!

Dear Friends and Fellow Republicans

### **Onto November**

Now that the June 20 primaries are behind us, we have a great slate running for the General Assembly this election season. And if you're not 100% behind this slate, then if something bad happens, and Democrats retain power in the Senate or take back the House, you need only look in the mirror to see who is to blame. Did everyone get 100% of what they want? No. We never do. This is real life, not pretend. The fact is we have conservative candidates running on a conservative agenda. And if anyone has an issue or 2 with one of those candidates, remember that the slate we're running is 100x better than that bunch of lunatics on the left.

I endorse everyone on the GOP slate for November 2023 for each office from State Senate, House of Delegates, to the Boards of Supervisors, to each City/Town Council seat, and for each of the constitutional offices, and hope that

## **Hunter Biden Gets a Sweetheart Deal.**

There can be very little argument that The Big Guy's Dad got a sweetheart deal last week. When anyone of us would have been sent to prison for a year or more for income tax evasion of millions of dollars, and spent another year or so in prison on illegal firearms charges - only to have to plead to tax evasion misdemeanors, this is truly outrageous.

Jim Jordan of Ohio was very eloquent on this subject last week. There can be no doubt that Merrick Garland's DoJ is horribly corrupt, and must be cleansed out from the top down.

## **Drag Queens Are Now Coming For Our Kids**

Not to be outdone, during a "Pride Day" event this past weekend, a group of drag queens and LGBT activists started chanting how they were coming for our kids. The drag queens had a rather disgusting chant, which I will not list here. But it is in the link below - you've been warned, it's grotesque
