## Making the 6th District Great Again!

Dear Friends and Fellow Republicans

Yesterday afternoon, the Hero of New York City, Hizzhonor hisself, Rudy Guiliani did give to us the news we have been wanting to hear for weeks now. That the Trump campaign will be filing a YUGE number of lawsuits against different states where there has been evidence of massive voter fraud. And maybe most importantly, Guiliani did acknowledge what many of us have been alleging ever since November 3, that there has been systemic voter fraud in Virginia.

Maybe more importantly, Guiliani also gave the nation a detailed explanation of how voter fraud is carried out, and how for years the Democrats have been able to get away with it. For those of you who did not watch the press conference, here it is. The part where Virginia is mentioned is at the 30:40 mark. Again if you can volunteer your time, please contact Ken Adams at

one only need take advantage of them.

I want to thank RPV Chair Rich Anderson for his leadership in agreeing to call for a full audit of the voting process in Virginia.

You can tell that Rudy got to the liberal media - all they could talk about was the fact he put too much dye in his hair. They also did what they usually do, call anyone who dares take them on a liar. But the liberals were unable to give much in the way of a rebuttal to Guiliani. They know to do so, they would be exposed as the liars they really are.

I am still optimistic that if a full recount of the states in question is done, Trump will be our next President. We all know this ultimately lays in the hands of the 9 black robed justices in Washington.

## COVID AND OUR GOVERNOR

Late last week, our esteemed Governor decided to go backwards and partially shut down the Virginia economy. He called for a maximum limit of 25 people at gatherings (exemptions for churches and schools), and this means outdoor as well as indoor activities. Aka Christmas parades are being canceled all over Virginia. At a time when we need fellowship and something to look forward to the most, our esteemed Governor (note the sarcasm) is doing a great job of being The Grinch Who is Trying to Steal Christmas.

And before anyone comes out and says I'm a COVID denier, I've lost 3 people close to me to the virus. One was a former taxi driver of mine who I'd known for 20 years. Another was one of my constituents. A 3rd was a supporter of mine at the July convention.

As a Member of the Strasburg Town Council, I am horrified at what this Governor is doing to our civil liberties and to our collective psyche. So I have written a Nullification Resolution that the Town will be considering on November 30. Two versions of this resolution have been introduced so far. The original version was loosely based on a resolution currently being considered in Bedford. Once it was clear to me that resolution had little chance of passing, a 2nd resolution was written (again by yours truly) 2 days ago and introduced to the Town Manager/Attorney. I am cautiously optimistic this resolution will pass soon after the November 30 worksession. Assuming this passes, Strasburg will be the first Town in the Commonwealth to pass a resolution stating that the Governor has no right to be destroying the state economy and causing the mayhem that he is causing. Especially when the numbers show that spread of

distance, but refuses to condemn those rioting in the streets - calling that an act of patriotism.

Keep the faith. God is in charge. And pray for Rudy G, Sidney Powell, all who are working tirelessly on behalf of Donald Trump.

Thanks from the bottom of my heart to each of you for all the hard work you are doing, and are going to do. It is only with your help that we will take back Virginia!

I remain your servant

S John Massoud
