Dear Friends and Fellow Republicans

SAY NO TO HR 1

Dear friends

Earlier this week, on a partisan vote of 220-210, the House of Representatives passed HR 1, which would codify into US law the voter fraud/ballot harvesting which we saw occur in November. This is little more than a power grab by Nancy Pelosi and Chuck Schumer to allow for ballot harvesting and mail in baloting, which is 100% insecure. '

Fortunately the measure faces an uphill fight in the US Senate, where the GOP should be able to filibuster this legislation. Since we have no US Senators fighting for us, it is imperative that we reach Senate GOP Leader Mitch McConnell (yes he's a swamp dwelling creep but we must work with who we must work with) and tell him to tell the US GOP Senate Caucus to vote against HR 1.

The sad thing is, most Democrats and Republicans agree that ballot integrity is a must for a functioning democracy, and if Nancy Pelosi and her minions would actually listen to their own voters - they might learn that here, the average Democrat agrees with us that ballot integrity is paramount, and thus we could come up with something workable that could pass unanimously.

But since Nancy Pelosi only talks to lobbyists and the like.....

and Lexington City, who are fed up with business as usual in their home county and want to take back the control of government from the Swamp Dwellers in Rockbridge/Lexington and return power to We the People. The Rockbridge Conservatives were talking about important issues to local residents, and explaining in great detail how local government uses its own power against us to keep us out of important issues.

If you're interested in more information, please contact Scott Guise at 540 429 4716.

Maybe most important, this group incorporated alot of young adults as well. If the Rockbridge Conservatives are the future of the GOP, our future is bright.

It was with great sadness that the Liberty University College Repulbicans had to cancel their candidate forum this past Monday. I was aware that many of you had wanted to attend. However there is an issue with one of the candidates, and according to the Liberty U charter, the CR's charter could have been revoked if they went forward with the debate including all announced candidates. I am proud of the Liberty CR's for sticking to their principles.

For those of you who are asking me or others about what is happening with the upcoming convention, nothing is new. We are still having an assembled convention in the Liberty U parking lot. Some talk between the two parties had been occurring, but after Mr. Ryer of the pro-primary group slapped down the latest overture from us this past week.... Well let us say that while we will still try for an unassembled convention with up to 5 locales in the 6th Congressional District, this is not the likely outcome. Below is a copy of a letter to RPV Chair Rich Anderson written by the Majority of the State Central Members - of which I have signed off on, which would ensure that each resident in Virginia would be allowed to attend an unassembled convention. However this has been shot down by Vice Chair Kristi Way, SCC Member Jeff Ryer, and 2nd CD Chair Dennis Free.

Since the above mentioned persons will not allow this to pass, and they control the pro-primary supporters in RPV, the odds of the contents of this letter passing are quite low. However it is important that each of you.

Your Unit will be having a mass meeting to certify the delegates to the convention coming up, talk to your Unit Chair about the dates and times of the mass meeting.

Be strong - victory comes to those who persevere.

I remain

S John Massoud
