Dear Friends and Fellow Republicans

Gun Control is Racist

In 1871, the National Rifle Association was formed - in large part to teach young Americans of military service years how to shoot. And while no one is sure if this is a rationale for the NRA being formed, the fact is that having guns helped free blacks in the South defend themselves. And while Facebook fact checkers would say this was false, and my posting such a thing on here would likely get me banned from Social Media for up to 30 days, the fact is that the NRA has been helpful over the years in making sure that free blacks could have access to firearms to defend themselves against the KKK. Don't believe me, read this about the Deacons of Justice for yourselves: https://en.wikipedia.org/wiki/Deacons_for_Defense_and_Justice

The right to keep and bear arms was part of the reasoning behind the Dred Scott decision, one of the 2 worst Supreme Court decisions in US History (Roe V Wade being the other). As part of the Supreme Court's rationale for denying

keep and carry arms wherever they went".

So it is rather obvious that whenever Democrats try to take away our guns - what they really want is to have African Americans and other minorities (and white folk as well) to be slaves to the government.

Bully for the Great State of Michigan!

As bad as we've had it here, the good people of Michigan have had it much worse. They've been under a 100% lockdown most of the time since March 2020, while their tyrannical Governor Gretchen Whitmer has been visiting family members in Florida, and attending other functions around the USA as well. Well both houses of the Michigan State Legislature have - on a party line vote - taken away the Governor's God like powers in a state of emergency.

The group Unlock Michigan, wrote a piece of language, got 500,000 Michigan voters to sign off on the language, had the Legislature negotiate with the Michigan Secretary of State, and then the Michigan Senate voted to remove the Governor's unchecked state of emergency powers. The Michigan House will do the same on Wednesday July 21 of this year. According to State law, the Governor cannot veto this order. So thanks to a few dedicated Michigan patriots, one of the 4 most tyrannical Governors in the USA (Newsom, Cuomo, and Va's Governor Blackface round out that list) will be defanged. And likely defeated at the ballot box in November of next year. Good riddance. It must pass the House of Representatives yes, but given the fact that the GOP holds a 58-52 advantage - unless there are 6 Republicans who have a death wish.....

See what a few people are capable of doing when they put some work into this? Just think what we in Virginia could do?

Thank you for allowing me to serve you as your Chair. Together we will take back Virginia

I remain
