The Valley Patriot

Making the 6th District Great Again!

Dear Friends and Fellow Republicans

First off, I hope that each of you had a Merry Christmas, and may we work together to ensure that 2022 is an even better year than 2021. Yes 2021 was

together to finish the work started.

The Religion of Fauci

Each of us celebrates the Christmas holiday in our own way. Most of us give gifts to our friends and family, with kids being the biggest gift receivers of all, which is a great thing. I only ask that we remember that Jesus is the reason for the season, and if we keep God and His Son 1st and foremost in our hearts and minds, the rest will be fine.

However the radical left, in their continuing bizarre hero worship of Dr. Anthony Fauci, have reached a new low in depravity (something I never think they can do however they always do so). Yes they've come up with Dr. Fauci action dolls. And yes the radical leftists are really this sick. Again don't believe me, see the picture above, and then read this gem from RedState: <https://redstate.com/nick-arama/2021/12/26/cringe-texas-dem-flaunts-christmas-gift-he-got-in-the-cult-of-fauci-n497192>

Even Joe Biden Agrees - Let's Go Brandon

Let's be real, we know that Joe Biden is likely suffering from onset Alzheimers. For the Democrat Party to keep rolling Biden out when it is clear that he's in mental decline is cruel. However this past week, they reached a new low.

Biden was taking calls through NORAD, which tracks Santa as he's on his way delivering presents to boys and girls, and Mr. and Mrs. Biden took a call from a man in Oregon, who near the end of the call said "Let's Go Brandon" (which has become a non offensive way to say F--- Joe Biden in modern pop culture). Jill Biden immediately noticed what was going on, and her eyes flashed and she was shocked. Mr. Biden on the other hand smiled and said "Let's Go Brandon - I agree". Aka Joe Biden just told Joe Biden to go do something anatomically impossible. <https://www.youtube.com/watch?v=ETmID0I4T3Y>

More From the Party of Science?

Above I said - never give Democrats an opportunity to reach a new low, because they'll always find it. Well, Neil DeGrasse Tyson really stepped in it this time. We've all heard the song Rudolph the Red Nose Reindeer.

of touch elitist, said that the song honoring an outcast like Rudolph was genetically inaccurate because the writer got Rudolph's gender wrong. Mr. Tyson went onto say that for Santa to deliver presents to millions of houses around the world defies physics.

Wonder who put a lump of coal into Mr. Tyson's stocking. Quite frankly, Mr. Tyson needs a hug and some reparenting, but it's kinda hard for me to care.

Not to be outdone, MSNBC leftist Hayes Brown publicly stated that NORAD needs to stop tracking Santa because, well I can't really explain it. Likely Mr. Brown doesn't want NORAD or the US Military associated with something other than pronouns. <https://www.msnbc.com/opinion/norad-s-christmas-eve-santa-claus-tracker-needs-end-n1286580>

Read for yourself and let me know if you understand what this rocket scientist is saying - as I sure don't.

He Who Sows the Wind, Shall Reap the Whirlwind

CNN aka the Communist News Network, has fallen into the depths of despair. Having been on top of the Cable rankings through most of 2020, they've now fallen off the radar, finishing in 17th place in the cable rankings - having an average daily audience of less than 500,000 viewers (in a country of over 300 million people) in October and November of 2021.

I have no idea why this would happen to CNN, after all, they hire "legal experts" who give themselves a treat when on Zoom calls with female reporters, and they allow obvious conflicts of interest with their News reader staff.

All joking aside friends, we have work to do. Virginia had a great victory in

Build Back Broke) spending bill temporarily, you know as well as I, that the Democrats are going to try and pass Biden's agenda piecemeal now. Meaning alot of spending will go through. The Democrats are trying to financially ruin this country for the benefit of their donor class and a few billionaires. The Democrats are going to rain millions of dollars on our heads this coming election cycle. Not to mention they have billions of free advertising from the Left Wing Media. Stay active and involved. History needs you now.

Thank you for allowing me to serve you as your Chair. Together we will finish the job of taking back Virginia

I remain

your servant
