Dear Friends and Fellow Republicans

They Who Sow the Wind - MSNBC Anchor Barred from a NYC Restaurant

This may sound too stupid to be true, but it did happen. Seems that earlier this week, MSNBC Anchor Ayman Mohyeldin was refused entry into a NYC restaurant because his 4 year old wasn't vaccinated. Mohyeldin has been on his show on MSNBC calling for vaccinations for all, including young children. However it seems that when a NYC restaurant barred Mohyeldin's family because his 4 year old wasn't vaccinated, that Mr. Mohyeldin seemed to think that was unfair, and stated **“What science, data, or public healthy policy or guideline is this grounded in? I couldn’t even get my 4-year-old vaccinated if I wanted... Where is the science and data that backs up that decision? Or is that irrelevant?”**

act irrationally. Also how could the restaurant know the kid was 4 years old - so the restaurant may have been fined if they served the family.

Crisis on I95

God forbid any one of you were stuck in the disaster that was Interstate 95 earlier this week. For those of you not aware, during the snow storm well near the end, I95 closed down in multiple places both ways because of pileups and trucks jack knifing etc. The Northam regime, as its final present to Virginia, closed down long sections of 95 both ways for 8-10 hours. Aka hundreds if not thousands of motorists were stranded with no gas, warm clothing, food and water. And of course, Democrats being Democrats, instead of trying to fix the situation, they ended up blaming Governor Elect Youngkin.

Amazing how it's never their fault, but always the fault of us Republicans and conservatives.

Do You Have a Crush on AOC?

Well we never knew we thought that AOC was cute, but obviously she thinks we all want to date her. Yes she said this last week after she was caught unmasked with her boyfriend Riley in Florida. Seems she wanted to get away from the mask regulations, and went to FI. Then after getting caught, she blamed it on Republicans who want to date her. Which got AOC laughed at of course.

But instead of quitting while being behind, Ms. Ocasio Cortez decided to reach a new low in stupidity, saying that we're all obsessed with Riley's feet. Uh yeah.
