Dear Friends and Fellow Republicans

### **Biden's Disastrous SOTU Speech**

Earlier this week, Joe Biden slurred his way through the State of the Union Speech. No one was really shocked. The man is clearly out of his depth and most likely has early dementia. What is nauseating is the fact that so many "talking heads" actually had the audacity to say that "Uncle Joe Biden is Back". Did they watch the same speech that most Americans did?

1st off, during one of the greatest crises of our time (Russia vs Ukraine), Mr. Biden confused Ukrainians with Iranians. He made so many gaffes that it is impossible to count them all. Heck even Kamala noted the one gaffe and mouthed "Ukrainians" right after Biden said Iranians.

If Mr. Biden can't talk off of a teleprompter correctly and misses every 5th word as he seems to do, then he really needs to get off the stage.

Another good one is the faux outrage that the talking heads are having about Rep Lauren Boehbert interrupting Mr. Biden's speech. However these same rocket scientists have conveniently forgotten that in 2020, Speaker San Fran Nan tore up a copy of Donald Trump's speech in front of the whole world. And these same "talking heads" thought that was a great thing.

If leftists didn't have double standards, they'd have no standards at all.

Basically Mr. Biden spent most of his speech trying to restart "Build Back Better". For those of you who didn't watch it, you didn't miss much. Other than San Fran Nan doing some weird dance behind Mr. Biden.

Even CNN admitted that the SOTU speech was a disaster. Rather fascinating analysis albeit a difficult read. <https://redstate.com/nick-arama/2022/03/02/even-cnn-had-to-acknowledge-the-problem-with-the-sotu-numbers-for-biden-n530351>

### **Breaking from Wisconsin**

For those of us who have had to endure for over a year - being called a conspiracy theorist by Never Trumpers and radical leftists, well we have now more proof that this election was a fraud. However now we have a prosecutor (appointed by a Democrat Governor) who has publicly said so.

Seems that Mark Zuckerberg of Facebook fame, has committed election bribery in Wisconsin.
