Dear Friends and Fellow Republicans

Tucker Carlson Out At Fox News

of their few remaining stars, Tucker Carlson, to leave. In a world where too many journalists are only talking in a large echo chamber to each other, Tucker always spoke to us and let us know what we need to know about what is happening in the world.

Tucker was a former member of the Media Establishment, until he saw that the Media Establishment, like all other political establishments, exists only to protect itself and not to serve the people. Tucker used his knowledge of how establishments think and operate, to expose their hypocrisy and their disdain for the average American.

Fox News will regret this but once, and that will be always.

Promises Made - Promises Kept

When I was 1st elected back in 2020, I made a promise that, as a member of RPV State Central Committee, that I would help make the party apparatus less bureaucratic and more user friendly, especially when it comes to the appeal process. Well, after a long haul, this past Friday, RPV's State Central Committee passed a long overdue change to the Party plan, which will make it easier for an aggrieved person to file an appeal against a Unit Committee or Congressional District Committee. The process has become streamlined, and much more user friendly.

I stood up for each of you during this extended process, and in doing so, got a major concession which eliminates much of the bureaucracy when it comes to the appeal process. I also helped draft a compromise between the factions of RPV which was amenable to all sides when it comes to the appeal process, and thus helped get this Party Plan Amendment passed near unanimously.

I live to serve each of you, and will never forget this fact.

How Much Trouble is Joe Biden Really In

From late 2020 through the present day, all we have heard about is the Biden Crime Family, which has its tentacles in every country from Ukraine through

Joe Biden should be in serious trouble. He is - for any and all intents and purposes, senile. The man has literally no idea what is going on around him. I'd feel sorry for him, and would call what is happening here elder abuse, other than the fact that Mr. Biden has allowed his cronies to further destroy the fabric that makes this country great. He is in the process of overseeing an invasion of our southern border by allowing pretty much every illegal immigrant who wants to come in to do so. Mr. Biden is perfectly ok with pharmaceutical companies getting millions of Americans addicted to opiates. He made a mockery of this country during our withdrawal from Afghanistan. The list goes on and on.

Melanie Salins for Warren County School Board

Many of us woke up to what was happening inside our schools during COVID. During this time, we got some amazing patriots elected to School Boards around the District. One of the many we elected was Melanie Salins, who was elected to fill out a term in 2021. Melanie has done amazing work on the School Board, and has taken on the educationists, and has moved the Warren County School Board in the right direction. We need more like Melanie involved. And I wholeheartedly endorse Melanie Salins for the Warren County School Board this November. North River District. (Yes that is Melanie's pic at the top of the newsletter)

19,000 Dead Voters Removed From the Rolls

Thanks to Governor Youngkin and Elections Commissioner Susan Beals, we have found that since 1960, there have been about 19,000 dead voters who had not been removed from the voter lists. This type of work will make it more difficult for leftists to cheat come this November. But more work must be done.
