Dear Friends and Fellow Republicans

## January 6 and Some Basic Facts

Earlier this week, Kamala Harris compared what happened at the US Capitol to the Japanese attack on Pearl Harbor. Forgetting the fact that 3,000 American sailors were killed by the Japanese, and the only person killed on January 6 2021 was protestor Ashli Babbitt, Ms. Harris' words were an insult to the families of those Naval seamen who were slaughtered.

The Biden regime (along with RINO's like Liz Cheney) have called this an insurrection. Yet they seem to be overlooking one important fact. 725 protestors were arrested because of January 6, yet how many have been charged with insurrection? Most were charged with trespassing. And no one

Aka this is a sham designed to make anyone who is not a radical leftist look bad. The radicals are doing this for a reason - they are trying hard to make everyone forget about how these same radical leftists charged the US Supreme Court building and Capitol Hill offices to protest the Kavanaugh hearings in 2018. The people who charged the US Capitol were guilty of trespassing. As were the people who charged the US Supreme Court and the Capitol Hill offices. Both sides are guilty of trespassing. Yet we never hear about the hundreds of people who were arrested during the Kavanaugh hearings. Why? The elitists want everyone to forget about their own transgressions.

Yesterday, a guy I know who hates anyone who supports Trump walked up to me and said "Happy Insurrection Day". I responded by asking him how many of the 725 who were arrested because of January 6 were arrested on charges of inciting an insurrection. When he couldn't answer, and I reminded him that no one has been charged with insurrection, this person became indignant and walked away muttering.

This must be our argument. We need to teach everyone that all the hoopla over January 6 is not real indignation, but is faux outrage designed to cover up their own misdeeds.

On a separate note, Attorney General Merrick Garland has now determined that it's his job to investigate not only those who trespassed into the US Capitol, but anyone who the US DoJ may deem responsible "at any level". Meaning that if you know people who were at the January 6 protest but didn't enter the Capitol, you may be held responsible. If you sent emails suggesting that people attend the protest, you may be held responsible. Remember this is the same out of control radical who wanted to arrest parents who attended School Board meetings to register their disgust with how their kids were being taught.

Maybe more importantly, most Americans feel that the January 6 event was a "protest that went a bit too far". Don't believe me, read this CBS news poll which they conveniently buried on their website so no one would see. However here it is for you to see for yourself.

Do not let anyone tell you differently.

Thank you for allowing me to serve you as your Chair. Stay safe during the snow. Am looking forward to seeing each of you soon. And remember that God is in control.

I remain
