## Chinese Spy Balloon Scandal Bigger Than We Know

“Don’t underestimate Joe’s ability to ---- things up” Truer words were never spoken – and this by the man who knows Biden best – his former Boss Barack Obama. Since taking over, Joe Biden has pretty much screwed up everything he has touched. From the Afghan withdrawal to the economy to the border, to now allowing a spy balloon to enter into US airspace for nearly a week, this man in the White House is a disaster. This shows the Biden regime at its absolute worst. Everything from trying to explain why a spy balloon was allowed to enter over into Alaska, come down through Montana, then go through middle America, and finally when it got to North/South Carolina did they finally decide to do something. Even worse, they actually tried to blame the Trump administration – saying this had occurred 3 times during Donald Trump’s presidency. Does anyone really believe that Donald Trump would allow a spy balloon to enter into American airspace untouched? Anyone who really thinks that is out of their gourd. Biden also tried to blame the military for allowing the balloon to fly through US Airspace – something which I find hard to believe as

It is clear that the man in the White House is deranged, and has 0 understanding of what is happening around him. That the Democrat machine is enabling Mr. Biden's destruction of this country shows how corrupt they are, and how their power base needs to be dismantled and rebuilt with something that loves our country and wants good things for our country.

### **Jason Miyares is Taking On George Soros and Soros Funded Commonwealth Attorneys**

For years, our "constitutional officers" (Sheriff's, Treasurer's, Commonwealth Attorney's) have been public servants who did their job in a non partisan way. Sheriff's enforced laws and ran the jails. Treasurer's and Commissioner's of the Revenue gave tax bills and collected taxes. Commonwealth Attorney's prosecuted crimes. In recent years, thanks to George Soros, this has changed drastically. Now thanks to George Soros, Commonwealth Attorney's have been more interested in social justice than prosecuting crimes. Soros backed CA's now spend their time not prosecuting crimes. Soros backed CA's have been more interested in protecting their protected classes from the crimes they commit than in seeking justice for those who have been victimized. Now, our Attorney General Jason Miyares is taking on the beast, and has been recruiting candidates to run against Soros backed CA's.

We have some of the best Commonwealth Attorney's inside CD 6. Among them are Jared Moon of Rockbridge, Marsha Garst of Rockingham, John Bell of Warren County, Bryan Cave of Page, and one who we lost because of redistricting - Bethany Harrison of Lynchburg.

### **Price of Eggs on the Rise – And No One Can Say Why?**

Eggs are the main source of protein for most Americans. And nothing can

months. If you ask the Biden regime, it's all because of Avian flu. I don't doubt that this flu is a part of the problem. But it seems that there have been more fires at bird farms than we've had in recent memory. Tucker Carlson did an expose of this issue recently, and I wanted to pass this on to everyone. Listen to the video, it's long, but you'll learn a lot about just how corrupt our legacy media is, and if you ask any questions about this subject, you'll be labeled a conspiracy theorist. Which leads me to wonder, if the left is getting so upset, someone must be getting near an uncomfortable truth.

(For the record, I am not trying to label anything or anyone - but the high price of food is something that affects everyone and there must be investigations into this issue to see if there is anything else other than the Avian flu responsible for high egg prices - not just the usual dismissals from the Biden regime and the legacy media)
