Dear Friends and Fellow Republicans

## **Why Volodymyr? Why?**

This past weekend, we witnessed one of the most boneheaded moves by a nation's leader ever. On Friday March 28, Ukrainian President Volodymyr Zelenski had what can only be called an out of body experience at the White House in front of the world's press. European leaders and Democrats are – as per usual, blaming Donald Trump for what happened, calling the event a “set up”.

they would have seen something entirely different. Here is how everything went down:

Mr. Trump and JD Vance welcomed Mr. Zelensky to the White House. They exchange pleasantries. Mr. Zelensky and Trump are having a bit of fun ribbing each other. Trump is clearly enjoying Mr. Zelensky's company. Mr. Zelensky publicly challenged Mr. Trump over whether deals had been broken by Vladimir Putin. Trump stated that Putin had never reneged anything to him personally. Things are now starting to go out of bounds.

Here Mr. Zelensky is clearly out of bounds, as no leader on the world stage will tolerate being challenged like this, especially one whose country has bailed out the other country. Mr. Zelensky then decided to press his luck, and suggested that Trump was getting his information from Putin. All this time, Mr. Zelensky is making sneering faces and rolling his eyes whenever Donald Trump is talking. Still, Mr. Trump is being polite and being a good host. A good host to someone who is acting like a spoiled brat.

Mr. Zelensky keeps up with these breaches of etiquette, challenging Mr. Trump over and over again. Mr. Zelensky was there to sign a minerals deal, one which would give the USA an interest in a free Ukraine. Trump even floats the possibility of US Troops as peacekeepers once a cease fire is in effect. Something that should have made Mr. Zelensky happy. And Zelensky is still rolling his eyes and sighing as if to say "shutup President Trump", when Trump talks about the innocents being killed.

When VP JD Vance gets involved, then Zelensky shows no protocol or ability to read a room. He calls the Vice President "JD". This is a very odd thing to do when tensions are rising. It's perfectly fine to use a 1<sup>st</sup> name or nickname when things are going well. But when things aren't – calling someone by a nickname in diplomatic situations is a bad idea.

Zelensky then challenges Mr. Vance – saying that our oceans soon won't protect us from Russian intervention. Here Trump challenges Zelensky, and everyone knows the end result. Zelensky embarrassed his country, harmed the safety of his own people, and now Trump is going to pull out of any deal to help Ukraine.

Arizona and Chris Murphy of Connecticut. Mr. Kelly said publicly that he told Zelensky the following right before the Oval Office meeting:

**Hey folks just met with President Zelensky a little while ago. Told him how I feel the American people are really behind him in this struggle, and Russia brutally invaded Ukraine and Putin is a war criminal, should be in prison. I also told him I'm a little uncomfortable that this now appears to be, like sort of a business transaction. But the same time, Zelensky needs to do what is in the best interests of his country and his people.**

Not to be outdone, Senator Murphy showed pictures of his conversation with Zelensky and posted on Twitter (X) the following:

**Just finished a meeting with President Zelensky here in Washington. He confirmed that the Ukrainian people will not support a fake peace agreement where Putin gets everything he wants and there are no security arrangements for Ukraine.**

Honestly, I felt bad for the Ukrainian ambassador to the USA – she was watching this in real time, seeing what Zelensky was doing – and how it ruined her country. Hope she doesn't lose her job over this.

So literally, Zelensky, who identifies with the American left – listened to a pair of leftist Senators, and now Senator's Kelly and Murphy have put their hero, Vlodymyr Zelensky, in a horrible pickle. And a reminder that – according to a poll taken by Harvard University last week, in excess of 60% of all Americans (both D and R and I) support direct negotiations with Russia to end the war in Ukraine. There is no way that Senators Kelly and Murphy did not know this. Ergo 2 Democrat Senators blew up a peace deal on purpose. Why is anyone's guess. Maybe they wanted to prolong the war so that the military industrial complex would make more money. Maybe they hate Trump that much? I'd love to hear your thoughts on this subject. Now the Ukrainian government is calling for Zelensky to be removed or for him to resign. Mr. Zelensky, in his vanity and his desire to be loved by the American left, has put his country in deep peril and may be responsible for its destruction.

make sure that we know what is happening.

<https://www.youtube.com/watch?v=jutkJvrrYp8> – go to the 14:15 minute mark, and videos of Senators Kelly and Murphy start shortly after.

Vladomyr Zelensky is no longer representing his country. He is clearly only interested in preening towards the minority of the US population. He really does need to either resign, or be removed by the Rada (Ukrainian Parliament) and a new President be duly elected. Of course nationwide elections would be nice, but we can't have a dictator actually being elected by the Ukrainian people now can we?

I remain
