Dear Friends and Fellow Republicans

Now This Is An Insurrection!

Los Angeles and California Democrats, upset about the fact that Donald Trump and ICE are deporting the slave class of California (illegal immigrants) have started an actual insurrection in the formerly Great State of California. Seems that California Democrats cannot live without their slave labor – oops – illegal immigrants, and thus this past weekend started an actual insurrection trying to

Governor Newsom (CA) has announced he will sue the USA because Trump (legally) federalized the CA National Guard to quell the riots – something neither Newsom or Mayor Bass of LA will do. See, the Democrats are ok with government buildings being destroyed, as long as it's their people doing the destroying of property.

Mayor Bass of Los Angeles, she who cut fire department spending and put in incompetent people at the head of the LAFD, now thinks that the riots are occurring because of Tom Homan (Director of ICE) arresting people who entered into the country illegally. Homan has suggested that he will arrest Governor Newsom. Under normal circumstances we'd all be calling for cooler heads to prevail. I no longer think that cooler heads can prevail. These radical leftists all think we are the enemies of democracy. Fact is these radicals are trying to destroy the fabric of this country. So if Director Homan needs to arrest Governor Newsom to prove a point, I say let's do it. Trump is getting ready to send in the US Marines. One Marine Regiment may have been dispatched to California by the time this email has been read.

Not to be outdone, Democrats and their enablers in the legacy media are calling what is occurring in Los Angeles “mostly peaceful protests”. Clowns like NJ Senator Cory Booker have publicly stated: “Trump is trying to incite violence at mostly peaceful protests”. Mayor Bass, Newsom, and CA Senator Adam Schiff have all said there is little to no violence. CNN has said that the riots are “lawful” but had “some unrest”. Another legacy clown named Juliette Kayyem, called Trump’s taking over the California National Guard “unprecedented”. Of course this has happened many times in US history. However during the Canada COVID demonstrations, this some woman called for protestors to have their tires slashed. Aka these people love violence when it furthers their own aims.

residents safe, has said the violence is increasing. McDonnell is trying to do the right thing here, and is showing respect to ICE agents.

And these mostly peaceful protestors (Democrats words not mine) are now shooting commercial grade fireworks at the LAPD Officers. Chief McDonnell has said that LAPD may have to consider working with the CA National Guard. This man has guts.

Democrats cannot stand the fact that Republicans are leading the country in the way that a majority of the country wants. We've toned down inflation, we've secured the border. The country is no longer on the brink of a recession. We are prosperous and once again respected through the world. We are deporting illegal alien criminals. All Democrats can do is say is that they're collective feelings are hurt. And to paraphrase Gone With the Wind - Frankly I don't give a damn.

I remain
